Village Board Mulls Wine, Beer License

The Antioch Village Board seems disposed to issuing the proposed beer and wine licenses to restaurants in the village requesting them, but the trustees and Mayor Ray Toft are still investigating any ramifications that might arise from doing so.

A lengthy discussion on the matter was held at the last regular board meeting on Sept. 15.

The licenses would allow restaurants to serve beer and wine for consumption at tables (not at a bar) on the restaurant's premises.

If the board decides in favor of the beer and wine licensing, an amendment would have to be made to the present liquor ordinance since an entire new licensing category would have to be added.

To date, the beer and wine licenses have been requested by The Vault, Las Vegas, The Jensen House, all on Rte. 83, and The Beehive on Rte. 173.

An existing law bans the serving of alcoholic beverages within a certain distance of a school or a church. This law would stop The Squire Restaurant from such service because of its proximity to Antioch High School.

Village Clerk Marilyn Sterbenz said that the nearness of the Christian Life Fellowship Church, now located in a storefront on Lake St., to The Vault would not come under this law since the Christian Life's location is a temporary one.

In other business the board:

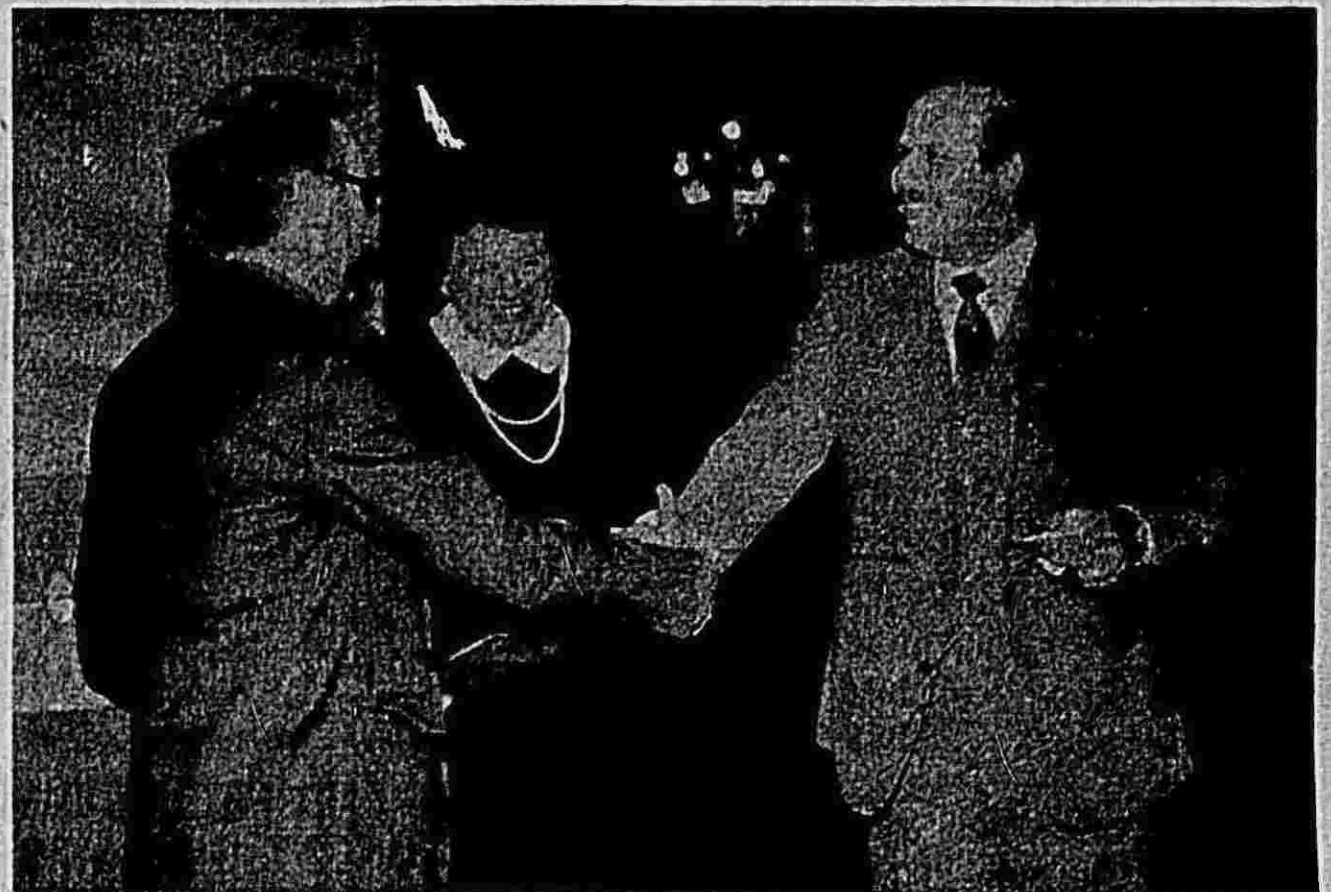

—opened bids on a new dump truck and ride-on lawnmower for the maintenance department and referred them to committee.

—hired David Walsh as the new full-time community service officer at an annual salary of \$14,621.88.

—instructed Village Atty. Ken Clark to draw-up an amendment to the present sign ordinance requiring all sign requests to come before the entire village board. Previously the building inspector was empowered to issue sign permits at his discretion.

—approved the installation of 12-inch water mains (old ones were eight-inch) at the site of the construction of Foremost Liquors on Rtes. 83 and 173, at a cost to the village of \$11,779.

Antioch will be having bus service to the surrounding areas as soon as Village Atty. Clark checks over the contract between the village and Pace Bus Co. The contract has been approved by the village board.

Best PM&L Play

Smouse, Miles, 'Fiddler' Take Top PM&L Awards

by GLORIA DAVIS

The PM&L season that has just finished was the community theater group's 25th year in operation, most of those years spent at the "little theater just one block off of Broadway," Antioch's Broadway St. that is.

This year the drama group's annual awards banquet was extra special since it was held to celebrate the theatrical accomplishments of those involved with the theater's 25th anniversary productions.

The banquet was held at the Tower Room in Antioch on Saturday, Sept. 13.

But 13 is a lucky number for winners like Ken Smouse ('Fiddler On The Roof') best lead actor, and Peter Thelen ('Man Who Came To Dinner'), named best actor in a major supporting role.

Best actress in a major role is PM&L newcomer Jane Miles, the "Cockeyed Optimist" from "South Pacific," and Pat Hill's outstanding interpretation of Bloody Mary in the same show brought her the award for the best actress in a major supporting role.

Veteran thespians Lillian Allen ('Fiddler') and Tom Hausman ('No Sex Please

We're British') got the minor supporting awards.

Hausman is the director of the best show, 'Fiddler' and Elmarie Beno received laudits for her stage direction of that show.

The outstanding youth performer is Julie Sacco for her role as Liat in "South Pacific."

Deanne Jones is the best costume designer for her work in 'Fiddler' and Hausman and Tom Hannigan received best set design awards for 'Fiddler.' So did Hank Apostol for his set in 'Pacific.'

Aileen Biel presented production and service awards to Scott Kiederlen and Larry Bersie and veterans, Smouse, Donna Badtke, Bersie, Lou Jones, Thelen and Betty Lou Williams were awarded for their continuing service to the theater.

But the partying is over and the winners and other members are all back to work on the theater's 26th season. The latest production now in rehearsal is the Irving Berlin musical, "Annie Get Your Gun," starring Donna and Mark Badtke in the lead roles. The show is set to open on Sept. 26.

Police Halt Juvenile Crime Spree

The Antioch Police Dept. ended a crime spree by two juveniles, ages eight and 10, who had robbed a local retailer of nearly \$800 worth of merchandise.

Antioch Police Dept. Lt. Tom Fisher said that the children went into the store and secreted a shopping bag. Afterwards, they returned to the store, filled a shopping cart with merchandise, transferred it to the shopping bag, and walked out.

Reschedule Sept. Meeting

The Board of Education for Antioch Grade School Dist. 34 has postponed its regular meeting which was scheduled for Tuesday, Sept. 16. The meeting will be held instead on Tuesday, Sept. 23 at 8 p.m. in the library of the W.C. Petty Elementary School, 850 Highview Dr., Antioch.

Investigation Of Boat Accident Will Continue

The parties at fault remain undetermined in the Labor Day boat accident which killed five people on Fox Lake, according to a formal report filed with the Lake County Sheriff's Dept.

Officials said that it may remain a mystery.

"I said at the beginning that speed and alcohol may have been contributing factors, the report substantiates that," commented sheriff's department Sgt. Ralph Connard. "Just who is at fault has not been determined, and may never be."

According to Connard, however, the results of a coroner's jury and a pending written report by the National Transportation Safety Board may provide enlightening details.

In a report by the sheriff's department, it was concluded that the "Liberator," the larger 31-foot cabin cruiser, was traveling at approximately 45 mph when it hit the smaller 18-foot Mastercraft ski boat. The ski boat was headed northeast at an undetermined rate of speed.

Eyewitnesses had previously reported to police that the Liberator had been traveling between 60 and 65 mph.

Patrick Flohr of Round Lake, 26, a passenger on the Liberator and the only survivor of the crash, told police that he noticed the other boat at the last minute and tried to warn the driver, Wayne C. Anderson of Lake Villa, 28, to steer the boat out of the way, Connard said.

Connard said that the Liberator struck the Mastercraft at a 20-degree angle, and continued to ride over the top of the smaller boat. Except for a rear portion of the Mastercraft, everything sank. Technical evidence indicated that although the white stern light on the Mastercraft was not lit at the time of the collision, the red and green running lights were, said Connard.

The report concluded that James Brankin of Rolling Meadows, 27, was driving the Mastercraft. Lisa Messenger of Arlington Heights, 23, and her sister Susan Messenger of Fox Lake, 25, were seated in the left front of the Mastercraft.

Charge 5 Area Men For Cemetery Spree

by GLORIA DAVIS

Four Lindenhurst men and one Lake Villa resident allegedly went on a drunken orgy in the Millburn Cemetery on Millburn Rd., near Rte. 45, which lead to the overturning and damaging of 160 gravestones.

According to the Lake County Sheriff's Dept. the five men, who were arrested and charged on Sept. 11 and 12 (another from Round Lake is being sought), were drinking and went on a rampage in one of Lake County's oldest cemeteries.

Arrested and under \$20,000 bond are Michael Glogovsky, 24, James Curry, 20, Brian Phillips, 20 and Raymond Zwiefka, 17,

all of Lindenhurst and Eric Menheer, 18, of Lake Villa.

Damage is estimated at \$2,000. Some restitution by those arrested, if they are convicted, is being considered by the cemetery's board of directors.

A representative of the board of directors reportedly said that the board is expecting to pay for some of the damaged headstones out of cemetery funds because of the difficulty in finding some of the families involved since headstones that are over 100 years old were among those damaged.

The arrests, made by the sheriff's department a week after the incident, were the result of tips from anonymous sources.

Investigation

(Continued from Page 1A)

Inside the Liberator, along with Anderson and Flohr, was Chet Franke of Fox Lake, 27. Anderson's blood was found to contain alcohol amounts well over the legal limit of intoxication, and Connard stated that 10 empty beer cans were found in the Liberator.

Flohr informed police that he met Anderson and Franke at the Fox Lake Bar Jukebox Saturday Night, where Anderson offered him a ride in the Liberator. The crash

took place just after 2 a.m. on Labor Day.

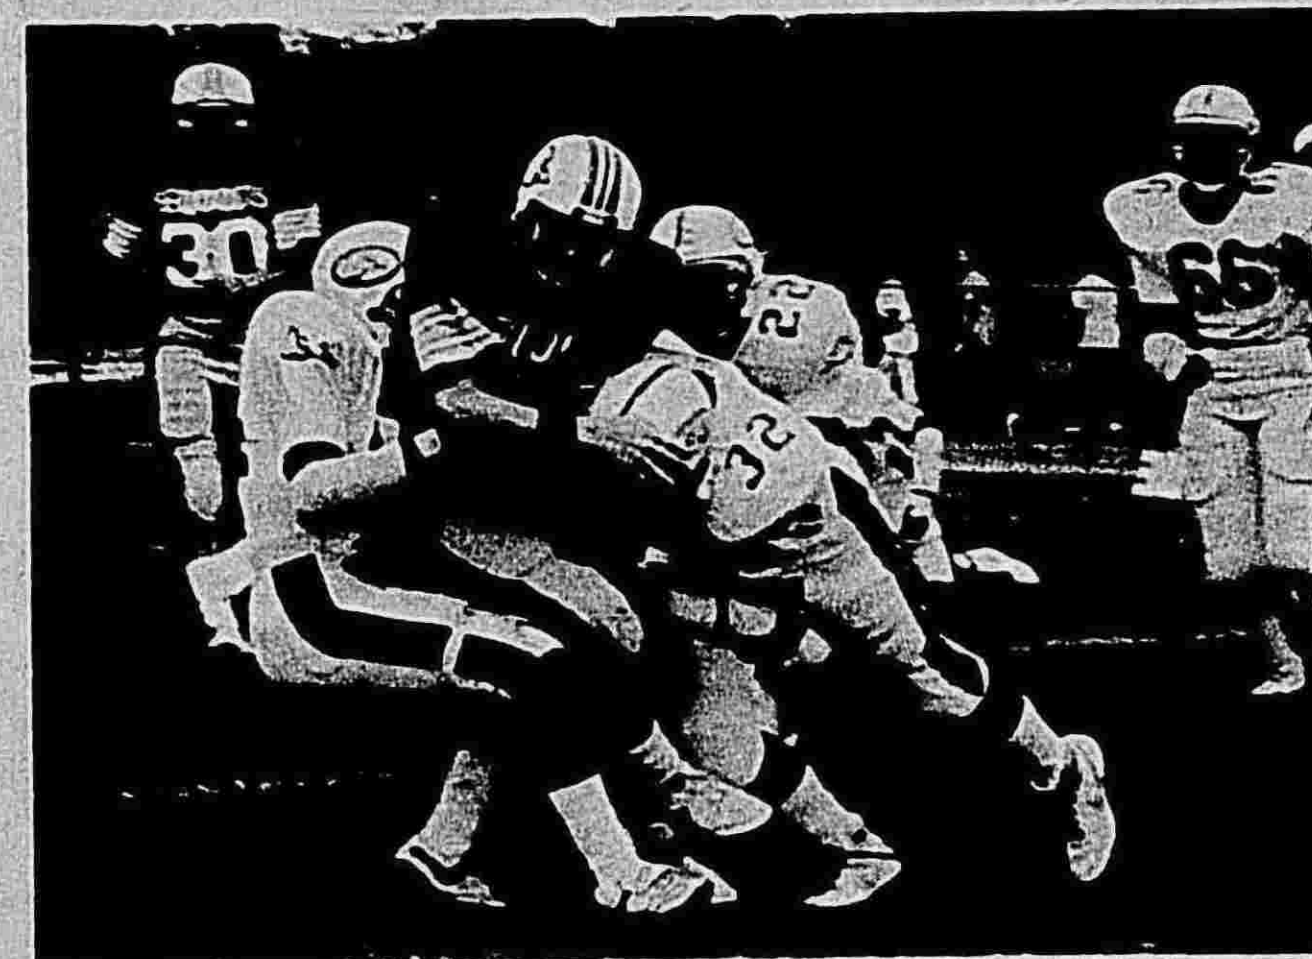

Lake County Coroner Barbara Richardson said that, if scheduling problems can be overcome, a coroner's jury will investigate the accident this month. She said that she does not want to delay the jury until October. Sheriff's dept. officials, however, vital to the inquest, have experienced scheduling conflicts which threaten to cause such a delay.

Richardson said that she would meet with sheriff's dept. officials in an attempt to schedule a coroner's jury.

Hold Antioch College Night

College Night at Antioch Community High School will be held on Tuesday, Nov. 4, from 7 p.m. to 9 p.m. The purpose of the evening's activities is to expose more students and parents to a variety of college alternatives. Representatives from more than 50 colleges and universities will be present to discuss their educational programs. Locally, the College of Lake County will have representatives present. Also anticipated is participation by all of the state universities of Illinois, except for the University of Illinois at Urbana/Champaign.

The program is designed to give juniors an opportunity to acquaint themselves with the various types of programs offered by the colleges and universities. Seniors will have an opportunity to ask the questions necessary to

finalize their choices. Antioch is conducting its own College Night as a local service and will also be participating with area high schools in the College of Lake County Fair which will take place next March.

On Monday, Oct. 13 (Columbus Day), school will

not be in session at Antioch Community High School. This would be an excellent opportunity for students to visit a college or university of interest to them, without missing any high school. An added advantage is that most colleges and universities will be holding classes on this date.

AARP To Show How To Save

John Orso, district superintendent of NI-Gas and staff assistants will present a free program on energy saving at the Chain-O-Lakes AARP meeting at Grant Twp. Hall on Tuesday, Sept. 23, at 1 p.m. The public is invited to attend.

any senior citizen who NI-Gas is a customer will be eligible for a free gift of a weatherization kit, including

an energy saving blanket for the hot water heater. Instructions will explain how to use the water heater jacket, as well as other heat saving materials. Bring a gas bill to verify eligibility.

Refreshments will be served and a social meeting will follow the slide program. Prizes from the chapter's annual fund-raises will be awarded.

Working On Contracts

by GLORIA DAVIS

At Antioch Community High School a federal mediator is working hard to try to get the teachers and the board to agree on this year's contracts.

At present, Antioch High School teachers are working under a four-month extension of last year's contract, from June 30 to Oct. 31.

ACHS Board of Education President Robert Lindblad feels that, though both sides

are still apart, especially on salaries, "We are not yet at an impasse."

"I feel good about the negotiations so far," Lindblad said, adding that there were also a few other smaller items in the proposed contracts that awaited agreement.

There have already been three meetings with the federal mediator present. The next meeting is scheduled for 7 p.m., on Thursday, Sept. 25.

Scamper, Hawkeye Retrieve Local Balloon

On Saturday, Aug. 16, at 3 p.m., approximately 500 balloons were launched at Lindenhurst '86. The object of the balloon launch is to have each person's balloon not only go the furthest, but that it be found by someone and report given to the Lindenhurst Recreation Dept. when and where the balloon was found.

On Aug. 27, a balloon was returned to the village hall by mail. So far, the balloon which is owned by Jeff Arcolis of Antioch has not gone the furthest but it certainly has the most interesting retrievers.

Scamper and Hawkeye,

owned by the family Russ of Elmhurst were walking along a path and picked up Arcolis' balloon.

The two retrievers will not only get some publicity from their find but also two large chew bones.

Four Star Rehearses 'California'

After a very successful run with their first show of the season, Four Star Productions is now running its second show, Neil Simon's "California Suite" at Rip-tide's Restaurant (Theatre on the Bay) in Johnsburg.

Lillian Allen, well known and respected for her many fine performances throughout the area, will portray two characters in "California Suite." Audiences have been delighted by her roles with the Abbey in Fontana, Cabriolet in Libertyville, A.R.T.S. at Andrea's

and P.M.L. Theatre in Antioch, just to name a few.

Her meticulous sense of comedic timing is an asset to any Simon play.

Also appearing in this hilarious comedy are Bill Bunton, Harry Bartlett and Yvonne Alton. Each of these actors are well known to the area and will be portraying several different characters, allowing them to display their wide range and flexibility.

"California Suite" consists of four playlets, each taking place in Suite 203 in a

California Hilton and moves from sensitive moments to darn right convulsive laughter. As the audience sits through four different situations, they will view Simon at his best, under the direction of Ann-Marie Cina, also a familiar artist in the area, well known and respected for her acting, directing and writing abilities.

"California Suite" will run through Nov. 20. An attractive Luncheon/Theatre package is available Tuesdays, Wednesdays and Thursdays. Lunch at noon

and curtain at 1:30 p.m. Sunday/Brunch Theatre will begin in September with Brunch at 11 a.m. and curtain at 1:30 p.m. For reservations call: (815) 385-5523 or (815) 385-5815.

Posse To Ride Trail

The Lake County Mounted Posse will hold its annual trail ride Sunday, Sept. 28, in Wadsworth.

Horseback riders will leave the staging area, on Wadsworth Rd. west of Rte. 41 in groups of 100 beginning at 9:30 a.m.

Coffee will be served at 8:30 a.m. with a steak dinner following the three hour ride.

Tickets, in advance, are \$15 for adults and \$5 for children 12 and under. For further information call (312) 395-0159.

Star Gazers

The Lake County Astronomical Society will hold its next meeting at 7 p.m., Thursday, Sept. 18 at Cook Memorial Library, 413 N. Milwaukee Ave., Libertyville. The program will be announced.

In 'California Suite'

Four Star Productions is in rehearsal for 'California Suite.' At left, Lillian Allen gets help from Harry Bartlett in one of play's three scenes.

Time To Fete Oktoberfest

It's Oktoberfest time again. The German-American Home in Lake Villa will be holding a gala Oktoberfest celebration on Friday, Sept. 19, Saturday, Sept. 20 and Sunday, Sept. 21.

The party will take place at 7 p.m., on

Friday, 5:30 p.m., on Saturday and at 2 p.m., on Sunday.

There will be tons of gemuetlichkeit, food, fun and drinks for the entire family all three days.

Sponsor Contest

The Waukegan Public Library is pleased to announce that it will sponsor the third Ray Bradbury Annual Creative Writing Contest this fall.

This year entries must be "Phavorite" Phrases. Contestants will choose some memorable phrase, sentence or short passage of prose or poetry and write a one page personal essay explaining what this means

to them.

"Phavorite" Phrases will be judged by five area English teachers, and prizes will be \$100 for first place, \$50 for second place, and \$25 for third place.

High School students and adults are eligible for this contest. A copy of the contest rules can be picked up at the library or at any bookmobile.

Burglary

Two VCRs, valued at \$1,150 were stolen from a home on Fox River Rd., across from the Gander Mt. Sporting Goods store, in Wilmet, sometime between the hours of 8:15 a.m. and 6 p.m. on Sept. 5.

The burglar gained entrance by taking the sliding glass door off of it's track. The Kenosha County Sheriff's Dept. is investigating the theft.

Waukegan Arts Council Gets \$9,850 Grant

The Waukegan Area Arts Council has received a grant of \$9,850 from the Illinois Arts Council in partnership with the National Endowment for the Arts. This will be the Arts Council's third year of participation in this state-wide re-granting program in which any non-

profit organization in Lake County can apply for funding to help sponsor an arts event.

The state funds have to be matched by locally raised monies, bringing the total available for qualifying projects this year to over \$12,000.

Applications for the grants will be available beginning with Illinois Arts Week which will run Oct. 17-26.

Interested organizations can write to Waukegan Arts Council, P.O. Box 8849, Waukegan, 60079, or call Eileen Buchanan at Shimer

College, (312) 623-8400.

To raise the local grant matching monies, the Waukegan Arts Council will be sponsoring the Kirk Players comedy production of "Alone Together" Friday

and Saturday, Sept. 26 and 27, at Mundelein High School.

Tickets will be \$4 for adults, \$2 for students over 12, and \$1 for senior citizens and children under 12.

Tickets can be purchased at the door or by mail order to the Waukegan Area Arts Council, P.O. Box 8849, Waukegan, 60079.

For information, call Carol Trobe, (312) 249-0116.

Car Rally Set For Sept. 27, 28

The colorful bygone era of Lake Geneva will be recreated when the ninth annual Classic Car Rally begins its two day event on Saturday and Sunday, Sept. 27 and 28 in Lake Geneva.

Over 500 classic, antique and special interest autos will converge on the area from all parts of the midwest to support the American Cancer Society. Advance registrations are far ahead of any past rally.

The unusual event, previously on Sunday only, is sponsored by the Corinne

Kreissl Memorial Foundation, Inc., with the cooperation of the American Cancer Society volunteers, Geneva Lake Area Chamber of Commerce, Lake Geneva Rotary Club and Walworth County CB Radio Club. Over \$5,000 in prizes await the winners of the around-the-lake tour for children's cancer research. The host site for the event is the Americana Lake Geneva Resort, one mile east of downtown Lake Geneva.

Registration for the rally is from 2 to 8 p.m. on

Saturday or 8 a.m. to 11 p.m. on Sunday at the Americana Ski Chalet. Stops in five zones around the lake include: Americana Lake Geneva Resort, Silvano's, Mar's Resort, Gollwitzer's, Bay Shore, Stevenson's III, Crow's Nest, Chuck's, Abbey Springs Club House, Four Seasons and Shore Club. Saturday participants need not attend Sunday's event to be eligible for Rally participation prizes.

The Classic Car Rally will again feature a Grand Car Show Finale at the

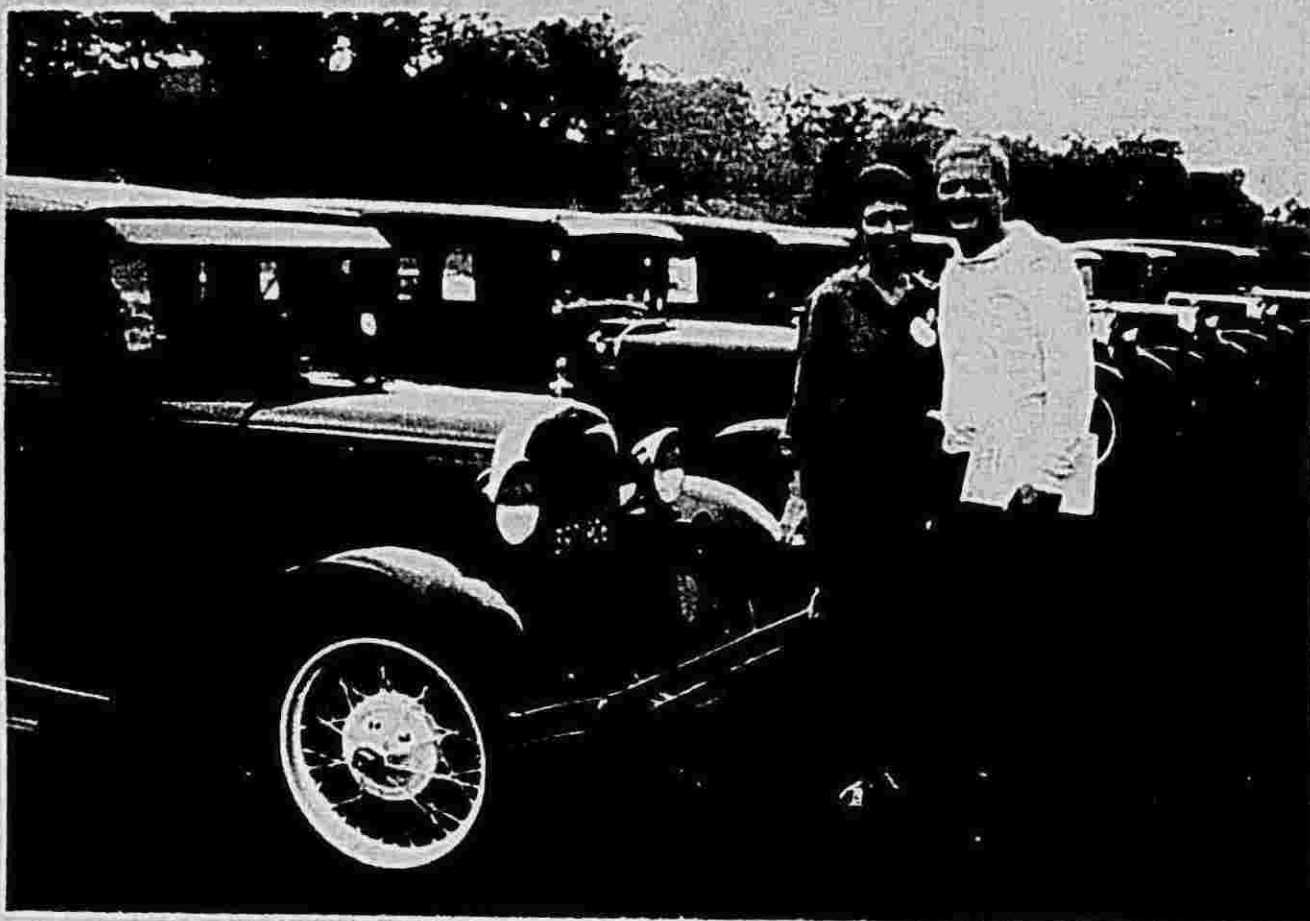

Americana Lake Geneva Resort Ski Chalet on Sunday at noon. Prizes, trophies, consolation prizes and dash plaques to participants will be awarded at 2 p.m. after winners for both days are determined. Admission to the car show is free, however, donations are accepted and a souvenir badge donation will provide shuttle bus transportation to the show site.

Last year's event brought over 400 vehicles and raised \$12,000. Since the event was originated in 1978, almost \$60,000 has been raised for childhood cancer research, in memory of Corinne Kreissl.

Participants can pre-register by mail by contacting the American Cancer Society, P.O. Box 732, Lake Geneva, 53147. Pre-registration forms are also available at the Geneva Lake Area Chamber of Commerce and all participating locations. For additional information call (414) 248-3536 or (414) 275-2050.

Luncheon

The American Legion Auxiliary of Richmond will hold luncheon and card party at the Legion Hall on Hwy 173 in Richmond on Thursday, Sept. 25, at noon. Tables and door prizes will be awarded. The public is invited. There will be no raffles.

Car Rally Founders

George and Janice Kreissl, formerly of Fox Lake, founders of the Corinne Kreissl Memorial Foundation, sponsor the annual Lake Geneva Classic Car Rally. Since its founding almost \$60,000 has been raised for childhood cancer research in their daughter Corinne's memory.

Set Lamb's Farm Fall Fest

The Lambs' Annual Fall and Country Music Festival will be held Oct. 5 from 11 a.m. to 5 p.m. at The Lambs, Jct. I-94 and Rte. 176 in Libertyville.

Highlights of the traditional autumn event include a huge pumpkin patch, Halloween character scenes, pony rides and a country music jam featuring Johnny

Elders and the Midnight Cowboys and other bands.

Lots of cold beer and steaming brats will also be a part of the festivities. For more information call (312) 362-6774.

Admission and parking are free, however, a \$2 donation at the gate would be appreciated. All proceeds

from the event directly benefit The Lambs, a vocational and residential not-for-profit community for mentally retarded adults.

Throughout the Fall Festival and continuing through the month of October, pumpkins may be purchased from The Lambs' giant pumpkin patch.

Symphony Plans Three Concerts

In response to the needs of today's music-lovers-on-the-go, the Lake Forest Symphony (LFS) has announced a new three-concert subscription series, Series C.

Designed to appeal to the busy executive, newcomers to the area, and winter vacationers, the series includes three different evenings of three different types of music, at three

different north shore locations.

The music of the classics, Mozart, opens the series on Friday evening, Nov. 7. Guest soloist Marvis Martin, soprano, who has sung with many of the major orchestras in the United States and performs regularly with the Metropolitan Opera, will sing Mozart arias.

Guest conductor Michael

Morgan, newly appointed CSO assistant conductor, makes his Chicago-area debut with the LFS in a performance of Mozart's "Symphony No. 29," and music of Barber and Dvorak. The performance will be held at a convenient north shore location, to be announced.

Sunday evening, March 8, internationally-known violin prodigy Corey Cervosek, who created a sensation last season in his Chicago-area debut with the LFS, returns to play Spohr's "Violin Concerto No. 8" and Mozart's "Rondo in C Major."

The concert also features the LFS Chamber Orchestra, conducted by Victor Aitay, Music Director Emeritus of the LFS. The concert will take place at the Drake Theatre, Barat College, Lake Forest.

The final performance of the series will be Saturday night, April 11, featuring Pops night at the LFS, with the sounds of "Sondheim." Guest conductor Jonathon Tunick, whose orchestrations of Stephen Sondheim's musicals and the Broadway hit "A Chorus Line," have brought him national renown. He will lead the orchestra in an evening of selections from Sondheim's Broadway hits. The performance will be held at the Highland Park High School Auditorium.

For Series C phone orders and further subscription ticket information, call (312) 295-2135. Master Card and Visa accepted.

PM&L Award Winners

PM&L Theater in Antioch held its annual awards dinner at the Tower Room, Antioch, on Sept. 13. Winning awards were, in front row, from left, Tom Hannigan, Lillian Allen, Elmarie Beno, Julie Sacco, Pat Hill, Donna Badtke, Hank Apostol, Jane Miles and Ken Smouse. In back row, from left are, winners Deane Jones, Tom Hausman, Larry Bersie, Scott Kiederlen, Peter Thelen and Lou Jones. — Photo by Steve Young.

Not Just Another 'Rock' Show!

"Treasures of the Earth" will highlight the Elgin Rock and Mineral Society's 20th Annual Show at Hemmens Exhibition Hall in Elgin on Saturday, Sept. 20, from 11 a.m. to 8 p.m. and Sunday, Sept. 21, from 11 a.m. to 6 p.m.

In addition to gem, mineral and fossil displays, jewelry-making demonstrations and dealer booths, guest speakers will cover topics ranging from the depths of the cosmos to the depths of the oceans.

On Sunday at 1:30 p.m. scientific information acquired about Halley's Comet will be the subject of a talk given by Dr. Paul Sipiera, Associate Professor of Earth Sciences at Harper College. Sipiera was a member of the U.S. Antarctic Research Program, has served with the Project Antarctic Search for Meteorites, and is a Research Associate at the Field Museum of Natural History

in Chicago.

On Saturday at 2:15 p.m. Lynn Carlsen, Elgin School Dist. U46 teacher, will feature "Historical Treasures from the Deep," which will include a display of circa 1700 Spanish naval artifacts from the Florida Keys. A diver, Carlsen has combed both the Great Lakes and the Caribbean in search of shipwrecks, averaging about 150 dives a year.

On Saturday at 1 p.m. Don Heneise will present a slide presentation on "A Closer Look at the Lapidary Skills of the American Indian." Mark Kuntz will speak at 3:30 p.m. on "The Hidden Beauty of Rocks That Glow in the Dark."

On Sunday at 3:15 p.m., club member J.B. Heckert will speak on "Opal Chip Jewelry, a Poor Man's Gem."

For further information on the show call (312) 742-3160 or (312) 428-1878.

Halfway House To Hold Oktoberfest

Young Men's Fellowship Halfway House will hold its 13th annual "Oktoberfest" on Saturday, Sept. 20, at the Northern Chalet, 1760 N. Milwaukee Ave., Libertyville. Tickets are \$25 per person. Reservations can be made by calling (312) 662-0945.

Cocktails (cash bar) will be served at 6 p.m. and dinner, a lavish Bavarian

spread, served family style, will begin at 7 p.m.

Entertainment will be provided by an outstanding dance band, the "Brass and Keys," who have the ability to please all tastes, from waltz to soft rock. All proceeds will benefit Young Men's Fellowship Halfway House (a United Way agency.)

Reserve Booth!

Reservations are now being taken for craft booths at the Western Kenosha County Senior Center Holiday Arts and Crafts Fair scheduled for 10 a.m. to 4 p.m., Saturday, Nov. 22. The deadline for reservations is Friday, Nov. 7. For more information call Joanne Barnak, (414) 843-3828.

County Dev. Commission Works On County Face-Lift

by GLORIA DAVIS

Reports from the sub-committees of the Lake County Development Commission, given at the group's last regular meeting, show progress being made in the commission's efforts at increasing development in some commercial, educational and tourist sectors in the county, as well as on proposed refurbishing of some parts of the county.

According to Beth Benoit, principal planner for the Lake County Dev. Commission, the publicity committee is busy developing a tracer form to

be used in answering inquiries on county development. The county is presently involved in an advertising campaign concerning county development and is reviewing the advertising schedule for 1987.

In conjunction with a program that is being sponsored by the small business committee, working jointly with the College of Lake County, a report from that committee told the commission that work is well underway on a base plan for an informational set-up that will disseminate data on what

type of businesses flourish and are needed in Lake County to interested parties.

Marketing brochures on this subject are in the process of being prepared.

The educational committee is preparing a proposal to solicit funding from the State of Ill. Corridor of Opportunities Fund to implement further growth in the designated high-tech area that follows the tri-state tollway.

Information was presented to the commission concerning turning Sheridan Rd. into a tourist area called the Lake Michigan Trail with signs pointing out sites

of interest.

The commission endorsed the concept that was presented.

A discussion was held on the Main St. Program which involves the refurbishing of older commercial areas in the county and getting them back in action.

Earlier, a letter had been sent to county municipalities soliciting interest in such refurbishing. The commission has received a totally positive answer from Zion which included a financial commitment to the plan.

Other municipalities ex-

pressing some interest are Winthrop Harbor, Waukegan, North Chicago, Fox Lake and Mundelein.

The county will hold a small business seminar,

from 9 to 11:30 a.m., on Wednesday, Sept. 17, in the assembly room of the Lake County Building in Waukegan. Anyone interested may attend.

Mail Proposed Amendments

Lake County Clerk Linda Hess has announced that all registered voters in Lake County will soon be receiving a copy of two proposed amendments to the Illinois Constitution which will be on the Nov. 4th General Election Ballot.

"According to Illinois law, we are required to give notification to every registered voter of the contents of the proposed amendments," explained Hess.

"The first amendment deals with the issue of bailable offenses, and the second would authorize the General Assembly to pass legislation which would exempt from taxation property used exclusively for veteran organizations for patriotic purposes.

All registered voters in Lake County can expect to receive a mailing on the

proposed amendments by Sept. 25. "This mailing is for information only and to give time for the voters to study the impact of such a change," noted Hess.

Former Hostage To Speak

Colonel Charles Scott, one of the hostages held for 444 days during the Iranian hostage crisis, will speak on "Terrorism: The War the West Can Win" at the College of Lake County on Sept. 30 at 7:30 p.m. in the Blue Lecture Hall on the Grayslake campus. The event is free and open to the public.

Scott, a combat infantry veteran, retired as a full colonel in 1961 after 31 years of active service. His military awards include the Distinguished Service Medal, the Army's highest award for distinguished service and the Silver Star for heroism.

Scott, author of "Pieces of the Game--The Human Drama of Americans Held Hostage in Iran," now works as a Middle East consultant.

Teachers' Group Urges Registration

"If we don't care enough about our community and our country to choose our own leaders, how can we convince our children to

care?" With that message, Joe Pisano, President of the Illinois State Employees Assn. (ISEA) has launched

ISEA's campaign to encourage state residents to register and vote in this year's elections. Citing statistics which demonstrate a 20-year drop in voter participation in elections at the local, state and national levels, Pisano stated that public employees and teachers must convince the public of the importance of this most traditional form of civic involvement.

"As public employees, our jobs are given direction by elected officials--officials who are supposed to represent all their constituents. When only half of our citizens care enough to cast a ballot, it threatens the basic workings of democratic government," added Pisano.

The centerpiece of the

ISEA/Illinois Federation of Teachers (IFT) "Register and Vote" campaign is the distribution of a public service announcement of the same name. The public service announcement, 30 seconds in length, dramatized the key point that issues which are decided by elected officials will determine what kind of future awaits our children. The public service announcement is being distributed to every TV station in the state.

By getting its public service announcement on the air, the ISEA/IFT hopes to escalate the number of Illinois voters participating in the crucial 1986 election.

For more information, contact Chuck Burdeen, (312) 332-5700, page 261347.

'Childbirth With Joy'

Victory Hospital, Waukegan, will begin a six-week "Childbirth With Joy" class at 7 p.m., Thursday, Sept. 18. Rebecca Kammann, R.N., B.S.N., will instruct the course. The fee is \$60. Call (312) 360-4236 to register.

"Traps" on Morada Records, and has a single called "Hustler" coming out soon.

On Thursday, Sept. 18, they will be in concert in Champaign.

Covenant, the Christian rock band made up of local young men, traveled to Bensenville to play in the "Battle of the Bands," sponsored by Service Merchandise. At this writing they don't know if they have reached the finals or not. Members of the group are:

The Antioch High School Marching Sequoits band, under the direction of John Olisar and Sidney Klocke, will begin its sixth season of competition Saturday, Sept. 20, at the Lake Park High School Invitational Marching Band Contest, Rochelle, Ill. Over 120 musicians, percussionists,

Winning seemed to be the name of the game in the Antioch Viking Junior Tackle Football League also. Both the lightweight and heavyweight traveling teams beat Mundelein by the identical score of 26-7.

The Viking traveling teams will be home Sunday, Sept. 21, at Antioch High School, against Round Lake. Starting times are: lightweights, 12:45 p.m.;

heavyweights, 2:30 p.m.

Results in the featherweight league were: Seahawks 27, Eagles 7.

The Seahawks played a steady, strong game throughout with outstanding offensive play by quarterback Tim Brandt and receiver Jim Tonyan. Linebacker Mike Leonard and end B.C. Malson led the defense.

For the Eagles, outstanding players were: Mike Roman, quarterback; John Stedel, defensive lineman; and Jeff Witwicki, quarterback and defensive lineman.

In the game last weekend, the Bears defeated the Raiders, 14-0.

For the Bears a touchdown apiece was made by running backs Mike Welsh and Jim Lubkeman. Ricky Cerk caught an interception.

In the loss Raider quarterback Brian Grasser made a 65-yard run on a sweep to the right and was stopped just short of a touchdown. For the defense Ted Tontis led in tackles and noseguard Jeremy Olson played so well the Bears had to doubleteam him the whole game.

The schedule for Sunday, Sept. 21 is:

--Raiders vs. Winnetka, there;
--Bears vs. McHenry, home;
--Eagles vs. McHenry, home;
--Seahawks vs. Mundelein, there.

flag and rifle colorguard, and drum majors will be judged on musical ability, marching drill, interpretation, and general effect. Over 1,200 students in 10 bands will vie for the coveted trophies.

The Marching Sequoits also perform their show at half-time during all Antioch High School Varsity home games. Come out and give them some encouragement!

Take Judy Koehler, Republican candidate for the U.S. Senate, for example. She is the worst major-party candidate for that office in recent memory. At the Republican Federation Dinner last spring, Koehler gave a speech accusing incumbent Senator Alan Dixon (D-Ill.) of supporting the LaRouchies because he had not dropped off the Democratic ticket. In the same speech, she predicted he would drop off the ticket later. Calling it a cowardly thing to do, she added that Dixon was the type of man who would desert his own party to serve his personal ambitions. Intellectual discipline and consistency do not appear to be among Koehler's strong suits.

Alan Dixon should win the Senate race in a walk, and deservedly so.

Unless Hess is able to spark some genuine enthusiasm in West Lake County very soon, the prediction from this corner is that Litwiler will win in a close race.

Rumors abound that former Fox Lake Mayor Richard "Butch" Hamm, who was convicted earlier this year of accepting bribes from Waste Management while in office, is asking his many cronies to send letters to the parole board asking for leniency for him. It is hard to imagine that he will get

took for reversing their firm law and order stance just long enough to plead for leniency for convicted drug trafficker Bill Haley.

Lake County Democrats held a press conference on Friday, Aug. 29, to open the fall campaign season. At the microphone is Democratic Party Chairman, Jay Ukena. Behind him are, from left: Virginia Krueger, Dist. 5 County Board candidate; John Leonardi, candidate for Congress in the 12th Dist.; State Rep. John Matijevich; State Rep. Grace Mary Stern; Robert Cleland, candidate for Congress in the 10th Dist.; and Lake County Clerk Linda Hess. Ukena criticized what he called Republican intimidation and incompetence in office. Women Of Moose Plan Fall Events

The publicity committee, chaired by Lily Wagner, hosted the Sept. 4 enrollment meeting of the Antioch chapter of the Women of the Moose. Two new members were enrolled, bringing the year's quota to 26 needed by June of 1987 to earn the chapter the achievement award from Mooseheart.

At this meeting, Jr. Graduate Regent Dorothy Laursen announced that the 1985-86 Award of Achievement was made by last year's officers and chairmen. Laursen is to receive recognition by receiving a green beanie at a convocation ceremony at Mooseheart headquarters on Oct. 26. A special meeting at

the Antioch chapter with visiting chapters invited will be held on Sunday, Nov. 16, in Laursen's honor.

The 39 members attending received a fortune cookie from the committee and all voiced their projected "futures" for the publicity committee entertainment. A luncheon was served by Chairman Wagner and her

committee after closing.

Ritual practice, Sept. 29, at 7:30 p.m. was announced by director Judy Gipson. The Fall Fashion Show, set for Sept. 25, sponsored by the membership committee and Carousel of Antioch, was listed in the up-coming events.

Next meeting will be held on Sept. 18 at 8 p.m.

Plan Driver's Review Course

Secretary of State Jim Edgar, in cooperation with Elmer Steele is offering a Rules of the Road Review Course for all citizens in the Fox Lake area.

The purpose of the course is to help applicants pass the Illinois Drivers License renewal examination. It updates drivers on the current rules of the road, explains the vision and the driving ability

examinations, and prepares applicants for the general written and road sign examination.

The Rules of the Road Review Course will be held at Leisure Village recreation building, on Grass Lake Rd. on Oct. 3 and 10 from 9 a.m. to 11 a.m.

The course is free to everyone, any age, who wishes to attend. For more information, please contact (312) 587-7753.

Women's Golf League Holds Outing, Dinner

The Antioch Women's Golf League members, sponsored by State Bank of Antioch, celebrated the conclusion of a successful 1986 season with an outing and dinner at Lauderdale Lakes Resort, Wis.

Delores Scarpelli won top honors in "A" Flight, with second place going to Elfriede Hansen. Joan Lichter took first in "B"

Flight, while Betty Mentone and Kay Costoff tied for second place. In "C" Flight, Mary Arndt received a first, Jan Hagstrom second. Doris Mittelheuser, the leader in "D" Flight, also won the 1986 Most Improved Golfer Award. Gladys Prihoda placed second in the flight.

Low gross for the day at Lauderdale went to Joan Casey, with Nancy Zitkus

and Doris Mittelheuser tied for low net.

Organizers for the event were Dorothy Teister, Florence Pedersen and Shirley Wilton.

Engraved travel clocks for flight awards and a silver coaster set engraved for the Most Improved Golfer Award were presented by State Bank of Antioch marketing officer, Florence

Babusek. The bank has sponsored the League since 1970.

Indian Summer, A Much Maligned Time Of Year

When I Think About It

by GLORIA DAVIS

It's well known that when people can think of nothing to talk about, but feel that conversation is necessary, they tend to talk about the weather, usually considered to be a relatively safe subject on which any two or more people can converse without commitment of any kind.

In the newspaper business, when managing editors use any weather stories, short of a local tornado flood or hurricane, on the front page, it's a slow news time indeed.

Of course that's not the reason I have chosen to discuss the rather surrealistic season of Indian Summer.

Actually, it's really because I have sort of a serene attitude towards life in general this week and can't think of a single bone to pick.

Remember a few weeks ago when those chilly days and nights started to hit spasmodically and remarks like, "Oh well, we'll probably have a lot of Indian Summer days in September" were floating around.

For some reason most people feel that any warm days that come after Labor Day mean it's Indian Summer.

But surprise, surprise! According to my trusty Farmers' Almanac, Indian Summer actually takes place, from the middle to the end of November, or after St. Martin's Day, Nov. 11.

How's that for an illusion crusher. As I recollect, there's been many a depressing November when the light and warmth of the sun (an Indian Summer criterion) has been extremely sparse, if there at all.

Those are the years that we have no Indian Summer, for the lack of warm days after Nov. 11 nixes the season for another year.

Do you know why this shorter than short season is named after the American Indian. Some say it's because it arrives during the time of the year when all the foliage is

brightly colored akin to the face paint and the feathered headdresses of the Indians.

Other legends claim that in the pioneer days, Indians ceased their attacks on the settlers as soon as the cold fall days hit, but when the warmer ones came after St. Martin's Day, for awhile their preference for white meat returned with gusto. It was this time that the settlers started calling Indian Summer, a name which stuck long after the American Indian was remanded to the reservation.

Shows you how dumb I am, I always equated autumn, warm earth colors, acorn squash and corn with Thanksgiving, ergo Pilgrims and Indians and visions of Indian Summer logically followed.

In 1986 those romantic sounding Indian Summer days might simply mean being too warm while driving as the sun blazes through the windshield on our fall-clad bodies; Mom worrying that the kids will catch cold because, of course, those jackets they had on when the left home are probably hanging on a tree limb near the playground.

Since the leaves have already begun to turn, I doubt seriously that this Indian Summer (if we have one) will be at all colorful since most of the leaves will have probably bitten the dust by the middle of November.

It's an election year so we'll probably see some new faces in elected positions from those in Washington, D. C., on down. Of course some familiar ones will be sporting triumphant smiles.

Hopefully the world's terrorists will have gone into a permanent state of hiding and there will be one or two worthwhile new shows on tv after the season's onslaught of zillions of new sitcoms premiering is over.

I'm easy to please; then I'll be able to look forward to Thanksgiving 1986 with the right attitude.

Spirgel Predicts A Democratic Landslide

by JOHN STEINKE
Political Columnist

Adlai E. Stevenson III formed the Illinois Solidarity Party to run for governor after deserting the Democratic ticket. Two Lyndon H. LaRouche candidates, Mark Fairchild and Janice Hart, unexpectedly won the Democratic nominations for lieutenant governor and secretary of state respectively in the March 18th primary. The Democratic Party will not replace Stevenson on the ticket for governor.

LaRouche candidates won the Democratic nominations for lieutenant governor and secretary of state. It was an invasion of the party snatchers. The LaRouche people believe that there is an organization of conspiracies. They believe that government is infiltrated by people, who are out-to-get you. People think that politicians are out for power. The LaRouche cult plays on fear, hatred and bigotry."

Then Spirgel analyzed the reasons behind the Fairchild-Hart Democratic

Congressman in Chicago. He lost to (incumbent Charles H.) Percy for United States Senator in 1972. Currently, Pucinski is a Chicago Alderman. He is identified with the white-ethnic community. He is identified with Alderman Edward Vrydolak. Pucinski was identified as anti-black by (Mayor Harold) Washington Democrats." Janice Hart captured 72 percent of the black vote in Chicago, and won all the city's black wards. Aurelia Pucinski garnered 55.7 percent of the Chicago ballots.

In addition, Spirgel maintained, "Activist Democratic women didn't like (Aurelia) Pucinski because she was chosen by the old guard of men. They were angry that (Adlai) Stevenson didn't ask (Lake County State Representative) Grace Mary Stern to run for lieutenant governor again. Therefore two crazy LaRouche candidates are now the Democratic nominees." In 1982, Stern was Stevenson's running mate against Republican Governor Jim Thompson. The Stevenson-Stern ticket lost by 5,074 out of 3,627,128 votes cast in the gubernatorial contest.

Spirgel prophesized a statewide Democratic victory for the following reasons:

1. Her candidacy will help the Democrats in suburbia. Spirgel has been a DuPage democratic county board member since 1974. She is the symbol of "the Democratic suburban agenda."

2. "The Illinois Democratic Party has endorsed the three candidates of the banner Illinois Solidarity Party." They include the Stevenson-Howlett gubernatorial team, along with Jane Spirgel for secretary of state.

3. The Democratic-Stevenson-Spirgel coalition will benefit from "the fact that 80 percent of the people split their tickets."

4. There is Democratic unity behind "the Punch Three strategy." The co-chairmen of the Stevenson campaign include Mayor Harold Washington, Alderman Edward Vrydolak, Senator Paul Simon and Representative Dan Rostenkowski.

5. Republican Governor Jim Thompson has been in office for ten years. During his tenure, Illinois has lost 500,000 jobs under the Thompson administration."

6. This November is an off-year election. Historically, the President's party loses congressional, gubernatorial and county offices. Since the Republicans control the White House, they will suffer election losses on November 4th.

7. There are many popular Democrats seeking reelection on the fall ballot, including Atty. Gen Neil F. Hartigan, Comptroller Roland Burris, U.S. Senator Alan J. Dixon and former State Treasurer Jerome Cosentino. Their personal popularity will amass votes for the Stevenson-Howlett-Spirgel third-party candidacies.

Steinke On Politics

Democratic voters must perform a "three-punch" operation in the Nov. 4 contest. They must vote the straight Democratic ticket, but then ballot for Stevenson and his lieutenant governor (Michael Howlett, Jr.) and his secretary of state nominee, Jane Spirgel. The governor and lieutenant governor aspirants are voted on as a team in the general election.

On Friday, Sept. 12, Jane Spirgel, the Illinois Solidarity Party's candidate for secretary of state, addressed a CLC political science class. Spirgel is the only elected Democrat in DuPage county, which is the second-largest and fastest-growing county in the state. She has been a county commissioner for the last twelve years. Spirgel also teaches Public Administration for graduate students at Northern Illinois University.

She explained the circumstances that created her statewide candidacy. Spirgel observed, "In the March primary, the

organizational candidates were State Senator George Sangmeister and Chicago Sanitary District Trustee Aurelia Pucinski for lieutenant governor and secretary of state respectively. They were defeated because the media didn't talk about the LaRouche candidates. The (Illinois Democratic) party didn't worry about the LaRouche candidates. They want to keep its money, resources and volunteers for the fall (election). The Democratic Party didn't promote the endorsed candidates. They (Fairchild and Hart) had nice-sounding names." People liked Senator Gary Hart, who had been former Vice-President Walter Mondale's principal opponent for the 1984 Democratic presidential nomination. Voters may have identified Janice Hart with the Colorado Senator.

Spirgel also claimed that Aurelia Pucinski had additional liabilities that cost her the party's nomination for secretary of state. She stated, "Roman Pucinski was a

Search On For CLC President

The College of Lake County Board of Trustees is conducting a public meeting on Thursday, Sept. 25 at 7:30 p.m. to receive community input on matters related to the search for a new college president.

The meeting will be held in Room A206 on the main campus in Grayslake. Interested members of the community may present their opinions to the Board on two topics: the major issues facing the college in the immediate future and the qualities the Board should seek in the new president. This input will be used by the Board in

developing criteria for candidate qualifications.

Retained by the Board to assist in the search is Korn/Ferry International, an executive search firm with offices in Chicago and Los Angeles. Ira W. Krinsky, head of the firm's specialty practice in education, is the lead consultant on this project.

Former CLC President John O. Hunter left the college Sept. 1 to take the presidency of Alfred State College in New York.

The Board expects to appoint a new president before the end of December.

Barkhausen Gets High Rating

Senator David N. Barkhausen (R-Lake Bluff) has received high marks from the Illinois State Chamber of Commerce political action committee for his stand on 1986 issues that could affect the Illinois business climate.

Barkhausen achieved an 87 percent rating in the annual Illinois Political Action Committee (IPAC)

analysis of how all legislators have voted on vital business issues.

"I am very pleased to receive such a high rating because it confirms that I have taken an active part in efforts to help business," Barkhausen said. "It takes a healthy business climate to produce jobs for our senior citizens and to sustain a high quality of life."

"MY DAD DIDN'T TELL US HOW TO LIVE, HE SHOWED US"

My dad is C.R. Smith, a very special person to grow up with.

He never sat us down and lectured us on what we should do. Instead, he showed us with his own life exactly what we should be.

He never told us that we had to be generous. We just saw him give his last dollar to the kids on the street.

Heard him get out of bed at three in the morning to go bail someone out of jail.

He never told us real happiness is found through sharing. He just let us laugh around the dinner table with the young guys he brought home.

He never told us Jesus can change lives. He just brought broken up people

into our lives and let us watch the change ourselves.

Dad gave up his own very profitable business in Orlando, Florida, to dedicate himself full-time to helping young people in trouble.

My dad is a Christian, a Nazarene. And his Front Line Ministry in Orlando is a very natural outreach of his very special love.

Dealing With Sports Woes

Illinois political leaders are going to put sports below the collegiate and professional level under the microscope of legislative scrutiny. The sports inquiry, conducted by the 17-member Joint Committee on Secondary and Elementary School sports, will report to the General Assembly and the State Board of Education by Jan. 14.

While the formation of the committee smacks too much of "Big Brotherism" to be totally comfortable for us, there is no doubt that abuses exist in sports and athletic programs conducted in the state's secondary and elementary schools. Abuses and irregularities existing in the pro and college ranks were bound to overlap the grade and high school level. And they have. So the politicians are venturing into an area, as they are wont to do, where society's systems have failed or are inadequate.

The committee will review academic standards imposed on student athletes, recruiting practices used by professional sports organizations and institutions of higher learning, the financing of school sports, the role sports play in decreasing delinquency and enhancing educational opportunities and the safety standards and practices utilized for student athletes.

Without a doubt, the sports inquiry will be coming close to home. Sports plays a big part in the life of this community. Through our various institutions, we have made a sub-

stantial commitment to sports and athletic competition. If nothing else, the inquiry can confirm or deny whether that commitment is properly placed. We frankly wonder, though, whether the committee will be able to digest what it appears it is about to chew.

Sports in America is big business. Sports in America is complex. Opinions on sports here and elsewhere run the full spectrum of public opinion. High school football, for instance, is hailed by some enthusiasts as the best preparation for a career in business ever conceived. Detractors of Little League regard competitive baseball for boys and girls as a creation of the devil. These are extremist views. Obviously, reality exists somewhere in between.

Sports safety can be legislated and uniform administration of academic standards can be imposed. For one thing, we'd like to see fair standards established for dealing with athletes and students alike who violate regulations regarding controlled substances. It is difficult to see how the politics can deal with subjects like the proper role of sports in the school curriculum, funding athletics or imposing recruiting curbs, especially when there have been monumental failures at the pro and college levels.

The best that can be hoped is that the committee will come up with answers to matters appropriately legislative while shedding light on issues that are more properly dealt with by the people themselves.

No Rush To Judgment

We are relieved that there will be no rush to judgment in the aftermath of the worst boating accident in the history of the Chain O'Lakes.

On Wednesday, Sept. 10, State Sen. Adeline Geo-Karis hosted a meeting of area legislators and police chiefs at the Gurnee Holiday Inn to discuss what action should be taken to make the Chain a safer boating area. Immediately after the Labor Day accident, there had been cries for more legislation, including the licensing of boat operators.

Cooler heads prevailed at the meeting, though. Although all agreed that there are steps which can be taken to make the Chain safer, no one seemed to think that any legislation could have prevented this particular tragedy.

The upshot of the meeting is that legislators will study some new drunken boating laws, specifically applying a drunken boater's conviction to his driver's license, but for the most part will wait for the Chain O'Lakes Waterway Management

Agency to hold hearings and make its recommendations before making any final decisions.

We think this is a good, common-sense approach.

Waterway Management Agency Chairman John Soffiotti was way ahead of everyone else on this issue. In an interview with Lakeland Newspapers last spring, Soffiotti said that after the agency got through its first year, he was going to make safety a priority issue. He said that the agency would consider revisions in the current speed limits and would plan to limit types of uses on different lakes at different times. He feels that giving speed boats, sailboats, fishermen, skiers, etc. carte blanche use of all lakes at all times is a very dangerous practice.

The Chain O' Lakes is unique in Illinois. No other area in this state faces the type of boater safety problems that ours does. It is sensible to understand that a unique set of standards must be developed to deal with our unique set of problems.

We applaud the legislators who attended the meeting, John Matijevich and Adeline Geo-Karis, and those who sent their representatives, Virginia Frederick and Robert Churchill, for refusing to panic in the face of a terrible accident.

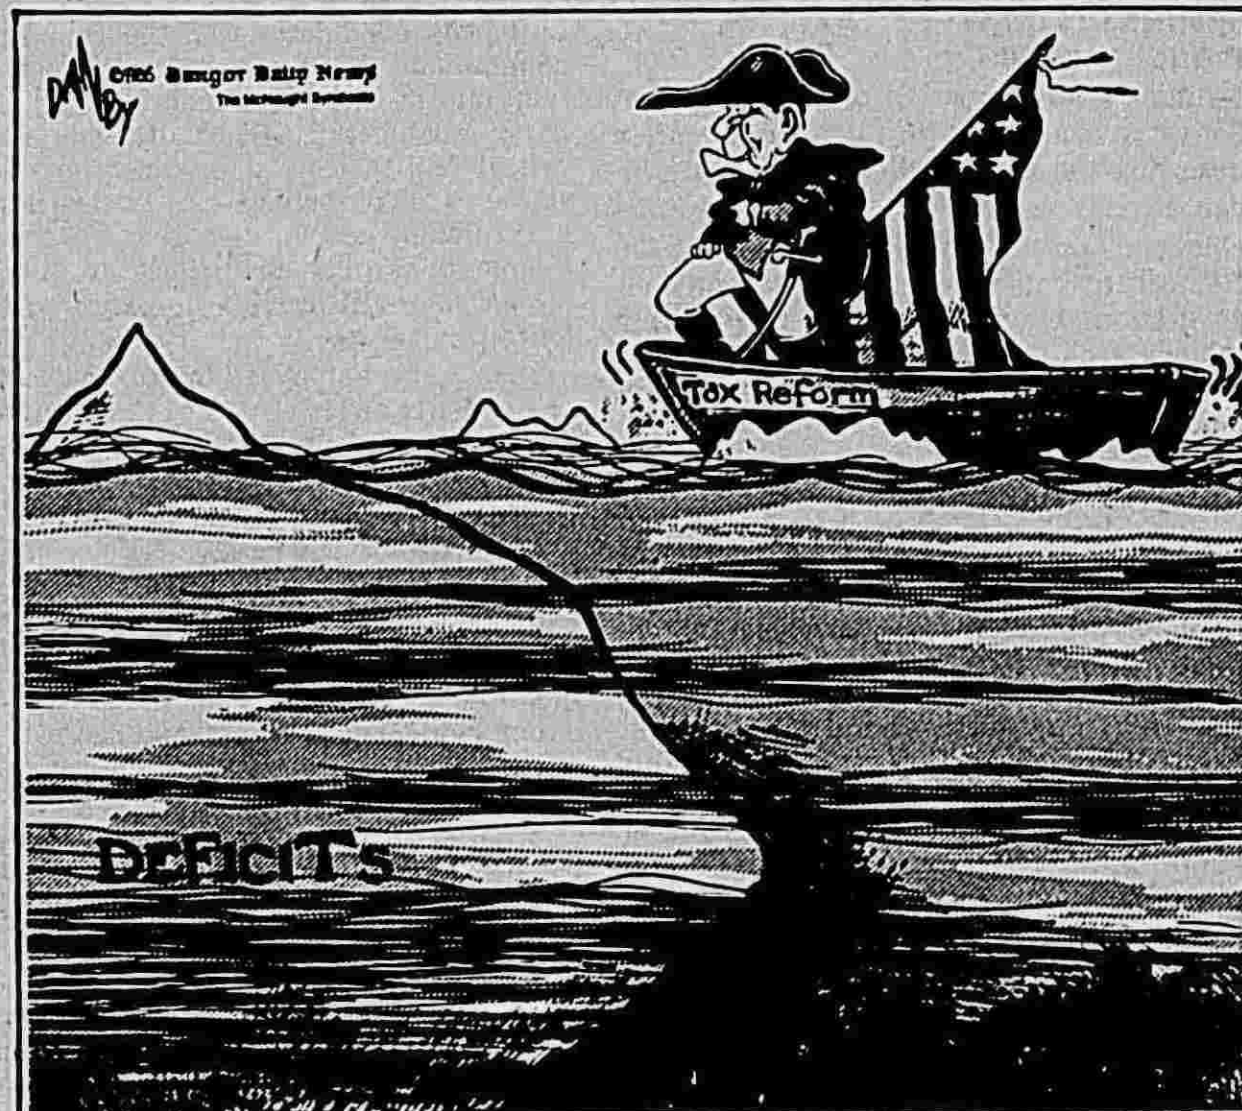

We must have safety on the Chain, but it is doubtful that a rush to judgment would have saved lives.

Letters To The Editor:

Is Bigger Better?

Editor:

Saying we told you so in 1975, that south Milwaukee Ave. would be a solid chunk of concrete and blacktop urban sprawl, gives us no pleasure. Much of the Red Top Farm, with its white wooden fences, grazing horses and Black Angus beef cattle was in the original Open Space plan over a decade ago.

What must be carefully weighed, is whether Libertyville is a better place to live with the Jewel Osco store, Burger King, Milwaukee Road House, more and bigger auto dealers on the Red Top Farm, bumper to bumper traffic on Milwaukee and a dying old downtown. A downtown that at one time had 2 or 3 supermarkets and was a hub of activity. It may fatten the Village sales tax coffers a bit and even that is a very questionable gain when all the additional costs are plugged in. I vote for the white wooden fences, the grazing horses and Black Angus beef cattle.

Concerning the Red Top mansion and the surrounding 7 acres, every effort should be made and every pressure should be applied to the Village Board to save it. I must add the mansion itself, in my judgement, is of secondary importance to the matured grove of trees. In a short 20-25 years that island of green will be a Village landmark ranked equally with Cook Memorial and Adler Park.

Both were preserved by generous gifts of past philanthropic citizens of Libertyville, not any visionary planning by the Village fathers.

Hopefully there are a few Village Trustees that can resist the oft times misleading but tempting sales tax carrot of another auto agency and look beyond their term of office to lead such a preservation battle.

Libertyville Twp. Supervisor

Tax Explanation

Editor:

Your editorial of August 28 regarding increased Illinois income taxes resulting from the Federal Tax reform package (assuming it passes without changes) requires further analysis. While the State of Illinois should realize some increase in revenue, it is questionable that the "average" person's adjusted gross income (and resulting Illinois income tax) will be much higher than under the present system. Let's analyze the main changes:

The elimination of the itemized deduction for sales tax and the increase of the medical floor from 5% to 7 1/2% will have absolutely no effect on adjusted gross income, hence none on Illinois tax. The elimination of the 60% capital gain deduction does not affect Illinois taxable income either since Illinois always added it back to adjusted gross income before computing its tax. Longer depreciation lives on newly acquired business property merely shift taxes between years. Hence none of the above items of general effect will result in higher Illinois taxes.

The shifting of moving expenses from an adjustment of income to an itemized deduction will increase Illinois taxable income and taxes for those few affected. (Part year residents could only deduct expenses of moving into or within Illinois, not moving out of Illinois.) Making unemployment compensation fully taxable could increase Illinois income tax substantially for those receiving it for an extended period.

However, the only change likely to affect a significant number of people is the elimination of the deduction for a married couple when both work of 10% of the lower qualified earned income (up to \$30,000.00 limit). At Illinois 2 1/2% rate this converts to \$2.50 additional tax for each \$1,000 of the lower earning spouse's qualified earned income with a maximum possible increase of \$75 (for a couple with a lower qualified earned income of \$30,000 or more and hence a joint qualified earned income of at least \$60,000).

It should be noted that the above Federal deduction only started with 1982 tax returns and caused a decrease in Illinois income tax for 1982-1986. This elimination only restores the law to what it was before that time. Furthermore, while the deduction promoted equity relative to the steeply graduated Federal income tax, it was a pure gift insofar as the flat rate Illinois tax was concerned.

Likes Politics

Editor:

In your recent "Just Politics" article (Sept. 11) it was quite "thoughtful" of you to begin with the Democrat Party. Naturally, being on the ballot for the Nov. 4 election, I agree with you wholeheartedly in your statement that "Lake County needs a few more Democrats." However, were the tables turned (Democrats in the majority), then I, too, would agree to the opposite.

In order to have a truly democratic system as we, in this country, pride ourselves on having, there must be more equality in the ranks. Less mud-slinging wouldn't hurt either.

It is true that remarks from various members of a party sometimes have a tendency to sound a bit confusing. In my mind, I prefer to liken some early activities to a good show: Rehearsals often seem to be really disoriented yet, by opening night, everything falls into place and the show is a success.

Last (and I hope I speak for my fellow colleagues), we definitely do not mind your type of "calling it as you see it." You, Mr. Johnston, appear to know your facts and attempt to report them in a fair way. I, for one, will openly welcome yours, or any other person's, genuine constructive criticism.

Nursery School Continues What Youths Start At Home

by SUSAN MONTGOMERY

Education doesn't begin when your youngster starts his or her first day of school, according to Carol Sternal, director of the Church of the Nazarene nursery school in Mundelein.

"Parents should really begin teaching their children at home. I tell many moms and dads, 'Don't put all their child's learning into school.'"

But what a comfort to know that when it is time for the little ones to broaden their world, that a caring, homelike atmosphere awaits at the Church of the Nazarene nursery school.

"When parents, especially those who work, are looking for a place they can leave their children 10 hours a day, it's important they feel that they can trust us. Our teachers are caring and try to foster that feeling a child would get at home."

That quality, Sternal says, is what sets the church's nursery school apart from many others. "We're not strictly for business. This is an outreach of the church's ministry."

"We have an open door policy. Parents are welcome to visit at any time. I'm really glad to see that parents are visiting more schools and asking more questions," she says.

Nazarene offers both full-day and half-day programs for children ages two through six. Costs for the full-day program range from \$66 to \$70 a week, depending on age groups; morning nursery school for ages two to six range between \$9.50 to \$10 per morning.

A constant developmental program, Nazarene's monthly calendar includes four week-long themes that are used in each class, according to the various development levels. Each classroom buildings on previously learned skills, Sternal says.

"A two-year-old, for example, will be learning just how to cut, three and younger four-year-olds will start cutting out big shapes, and pre-Kindergartners can cut out just about anything," she explains.

For the littlest ones, the earliest learning begins with the church's teaching to "be

kind to one another."

"At age two, children are not really ready to play with others, but learn to play alongside together, or parallel play. It's part of a socialization process which will help them to learn to get along with others as they get older," Sternal says.

In addition to group learning, youngsters also have time for activities where they receive individual attention from their teacher. "Teachers work at being aware of what interests kids to encourage their sense of curiosity," she says.

Special projects, such as starting seedling plants, simple science projects, where youngsters can actually see changes take place, and field trips are among the many activities that help foster the curiosity.

Field trips to the zoo, fair or orchards not only attract the interest of students, but their parents as well. Some outings are so popular, Sternal says, that the ratio of parents to children is one to three.

With a high ratio of youngsters with two working

parents at the school, Sternal tries to allay some of the concerns of parents who fear they may be shortchanging

their youngsters.

She explains, "We try to point out the positives to working parents and give

them reassurance that they can still make the best of the time they do have with their children."

Tips And Trivia To Use In The Kitchen

You discover the most interesting food tips in the most unorthodox places.

Strolling through a supermarket I came across a woman representing the makers of turkey nuggets. She had the usual electric frypan on the usual card table. She also had the nuggets pierced with edible toothpicks.

Such a simple idea: pretzel sticks for toothpicks.

The nuggets weren't bad and munching on

the pretzels was a nifty way to dispose of toothpicks.

For dieters—how about salt-free pretzel toothpicks

Supermarket employees have trouble with math, too.

The produce sign read: 10 for \$1.29.

I didn't count how many corn on the cob were wrapped in the plastic—until I got home.

Then I counted 11.

A friend pressed me for a recipe. It took me a while, but I found it in the recipe archives.

It's for chicken pie that includes some unusual touches. Here it is:

Chicken Pie

- 2-9-inch frozen pie shells
- 1 tablespoon butter, melted
- 2 cups diced cooked chicken
- Salt, black pepper and nutmeg to taste
- 1/2 cup dry white wine
- 2 eggs, lightly beaten
- 1/2 cup chilled chicken broth
- 3 canned artichoke hearts, drained and chopped
- 2 hard-cooked eggs, chopped
- 4 tablespoons canned early peas, drained
- 1 tablespoon chopped pimento, drained
- 1 tablespoon light cream

Brush one slightly thawed pie shell with butter. Season chicken with salt, pepper and nutmeg; place in mixing bowl. Add wine, beaten eggs and broth; mix well. Stir in artichoke hearts, hard-cooked eggs, peas and pimento. Turn chicken mixture into pie shell. Let other pie shell thaw out completely; flatten. Cover chicken mixture. Cut several slashes and bake eight to 10 minutes in 450-degree oven. Brush top with cream. Reduce heat to 350 degrees and bake 25 to 30 minutes. Serves five.

Victory Sponsors Support Group

Of all the incurable diseases, the degenerative brain disorder known as Alzheimer's may be the cruellest because it kills twice.

In Alzheimer's, the mind deteriorates first: names, dates and places—the interior scrapbook of an entire life—fade into mists of nonrecognition.

The simplest tasks—tying a shoelace, cutting meat with a knife, telling time—all become insurmountable. Then the body goes: no longer able to walk or control bodily functions, the victim lies curled in a fetal position, gradually sinking into coma and death.

Alzheimer's may be even more devastating for the family of victims. The staff of Victory Health Outreach Center understands the often exhausting, confusing and frustrating job of 24-hour care of an Alzheimer's victim. Caregivers need help, too.

So, with the Chicago Chapter of Alzheimer's Disease and Related Disorders Assn. as a co-sponsor with Victory Memorial Hospital, they are offering an "Alzheimer Caregivers Support Group" beginning Sept. 24 at 7 p.m. The primary goal is to provide information, support

and encouragement to the families and friends of Alzheimer's patients.

Knowing how difficult it may be to find someone to care for your loved one, the Adult Day Center will be open at Victory for respite care while the group meets. Please call (312) 356-5900 for more information.

Offer Diet Class

The Medical Center Diet and Exercise Program offered by Condell Memorial Hospital will begin its fall session with a free introductory class to be held at 6:30 p.m. Thursday, Sept. 25, in the dining room at the hospital, 900 Garfield Ave., Libertyville.

The remaining classes will be held from 6:30 to 8 p.m. on consecutive Thursdays through Dec. 11 at the Brainerd Building, Libertyville High School.

The program format includes a weigh-in, small group discussion, focus lecture and 30 minutes of weekly class exercises featuring mainly brisk walking/jogging, some stretching, strength training, and aerobic dance.

Lectures will cover the following topics: motivation for change—setting goals for

success; exercise training principles—body composition; dietary guidelines for Americans; dining out; role of diet and exercise in preventing and treating chronic disease—stress reduction; and keys to maintaining permanent lifestyle changes.

Registration will be handled at the conclusion of the introductory meeting. The fee for the Medical Center Diet and Exercise Program is \$100 with a \$10 rebate for perfect attendance. The fee for Senior Citizens, 65 years or older, is \$80 with a rebate. An optional cholesterol blood test is also available for \$10. Discuss 'Living Will'

Everyday, people are confronted by headlines about "right to die" or "Dying with Dignity," and the question of who, if anyone, has the right to make this decision for a seriously ill person troubles many. A Living Will, the document which is signed while a person is well and in full possession of faculties, is one alternative. Victory Health Outreach Center, 121 E. Grand Ave., Lake Villa,

will sponsor a free program on the Living Will Monday, Sept. 22, at 10 a.m. and again at 7 p.m. to help and enable one to make an informed decision about this alternative.

Mary Riggs RN., MA., assistant vice president of Victory Health Outreach Center, will be the speaker at this event.

For more information or to register for this program, call (312) 356-5900.

Rams' Defense Improves, Offense Seeks Consistency

Grayslake, a team looking for offense, will be going up against a team noted for a strong defense in its Northwest Suburban Conference opener.

The Rams travel to Woodstock to face Marian Central Sept. 19. Grayslake is 0-2 and nothing could be finer for coach Harold Jahnke's team than to come home with an upset of a squad that won a state championship and made it to the semi-finals last year.

"Overall, I think we improved from last week," Jahnke said after a 21-6 loss to Driscoll in the second game of the season.

Grayslake had started off with a 28-0 loss to St. Catherine's in the season opener. What has Jahnke pleased is a defense which did not allow the visitor's second touchdown until the fourth quarter.

"The defense played well. I think they played better than they did last week," Jahnke said.

On offense, however, the Rams remain looking for that consistent performance from kickoff to the final gun.

"It's inconsistency. We have to get consistent," Jahnke said.

The Rams could muster just 107 yards in offense on the day, and those kinds of numbers eventually catch up with a high school football team.

In Marian Central, the Rams will be facing a team which has allowed just six points in splitting two games. Marian, expected to contend once again for the NWSC title, lost to Crystal Lake South 6-3 in its season debut before shutting down Harvard 12-0.

Against Driscoll, the Rams enjoyed a 6-0 halftime edge.

The half's only score came early and was made possible by Mike Langer. Langer, a cornerback on defense, recovered a Driscoll fumble at the Hilltoppers' 18 with the game 90 seconds old.

Just over two minutes later, Langer scored from a yard away. The extra point try was blocked, however.

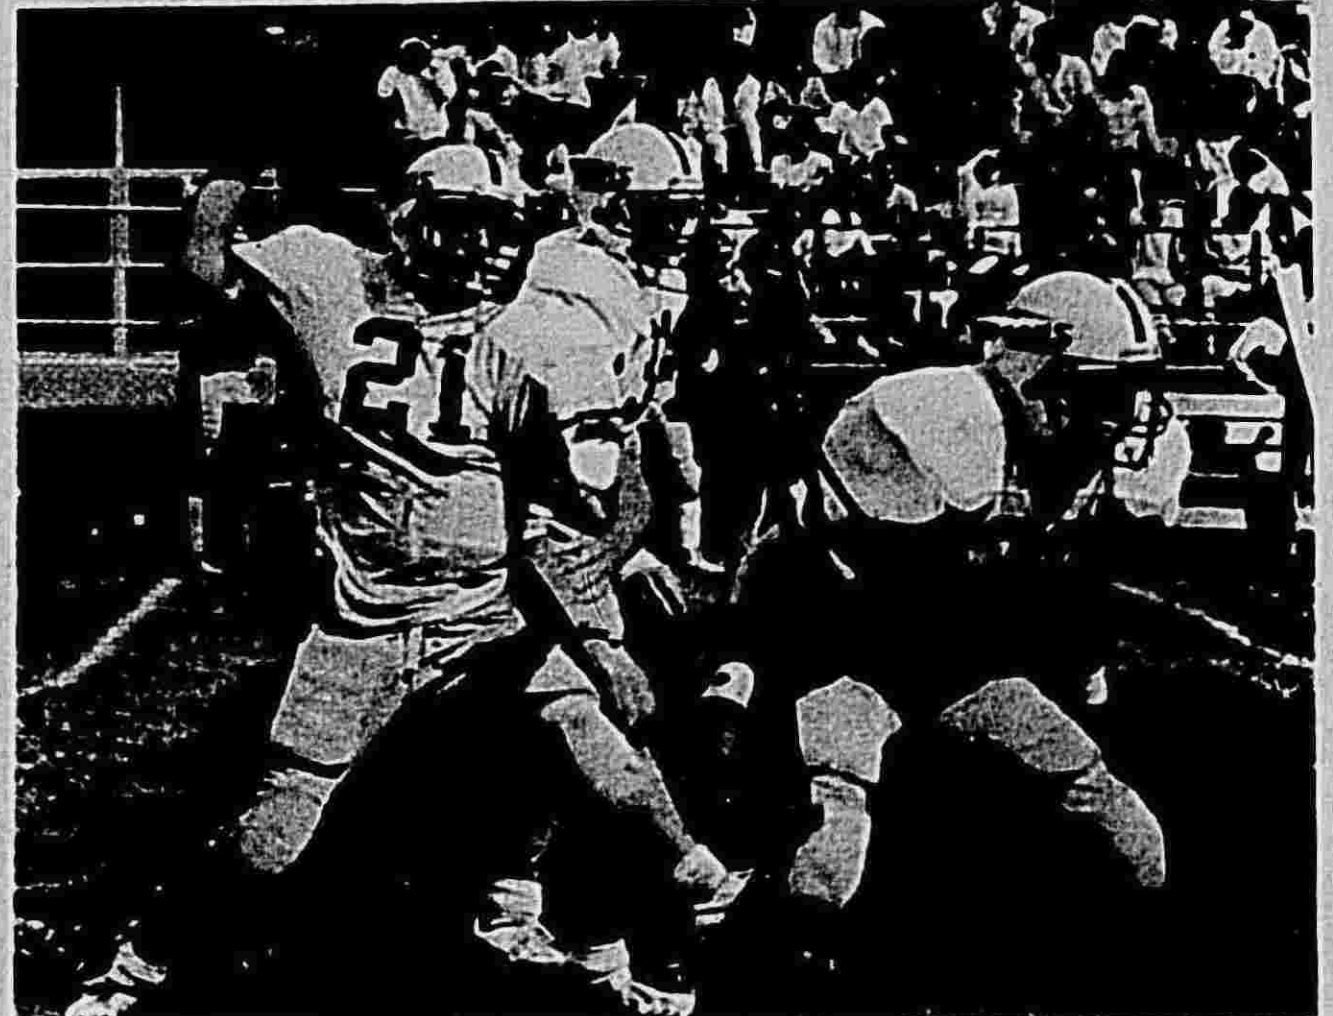

Driscoll had a hard time getting its pass-happy attack going early. Grayslake's defense held on three fourth-down tries.

It was still 6-0 Grayslake when Driscoll got the ball midway through the third quarter. Quarterback Jeff Jopes, on a first and 20 play, completed a 40-yard pass play. Four plays later, Jim Wilkes tied the score on a one-yard run. The extra point by Jay Miller put Driscoll ahead for good at 7-6 with 3:23 left in the quarter.

Grayslake's Jon Floyd picked off a Driscoll pass on the first play of the fourth quarter, but once again the Rams had to punt.

That led to Wilkes' second TD of the day, a 14-yard run. The two-point conversion pass made it 15-6.

Mike Faro of Driscoll caught a tipped Langer pass and returned it 52 yards for the game's final touchdown.

Dropping Back To Pass

CLC Runners Compete Well In Early Season Meets

The College of Lake County's cross country women's team won its first Skyway Conference event at Wright College.

CLC has been competitive in all of its meets thus far, in and out of the Skyway Conference.

The Lancers won the league meet with a score of 16 points, one point from a perfect score. Freshman Deb Duehring led the way for the female Lancers, completing the three-mile Riis Park loop in 22 minutes.

Closely following was Denise Domanico in second, Denise Winkowski in third, Denise Cadeu in fifth and April Van Sickle sixth.

The men's team finished a respectable third. Mike Campbell led the team with a fifth place finish. He was timed at 23:23 over the four-mile course.

Teammates Kevin Webbe was in ninth, Tom Robb 12th, Randy Dawson 16th and Chris Biesel 17th.

The male Lancers scored 59 points. Winner Oakton scored 49 and Waubesa was second with 53.

In the season opener, CLC's cross country team showed promise in a meet held at the University of Wisconsin-Oshkosh. No team scores were kept.

Campbell, a sophomore from Libertyville, was fourth overall in the men's race.

"Mike is 45 seconds ahead of last year at this time. I predict great things for him," CLC Coach Joel Peebles said.

Other runners were: Webbe in 44th, Dawson 52nd; Biesel in 68th and Robb, 69th, rounded out the scoring five.

Duehring led the women's team. A freshman, Duehring ran 20:45 to finish in 16th. Domanico was 22nd, Winkowski 40th and Van Sickle was in 32nd.

"We are running with smaller runners than expected. But we will be competitive in the Skyway Conference," Peebles said.

ference," Peebles said.

The team finished fourth at the Madison Area Technical College (MATC) meet in Madison, WI.

Duehring led all Lancer finishers with a ninth-place finish in the women's race. Her time was 22:06 for 5,000 meters.

Domanico was 22nd, Denise Winkowski 23rd, Van Sickle 26th and Cadeau 27th to round out the team's scoring.

Wehde, a Wauconda product, placed 11th with a time of 29:54 over the five-mile course. Campbell was right behind in 12th place.

Dawson was 23rd, Robb 36th and Steve Combs 44th.

"We were the top junior college team," Peebles said.

Mustangs Hope Offense Can Keep Its Momentum

If the Mundelein offense continues against Zion-Benton Sept. 20 the same way it left off, then the ZeeBees might be in for a long afternoon.

"We had 170 yards in offense in the fourth quarter, that's the real bright spot," Mundelein coach Gary Heifner said after his team's 16-14 loss to Fenton Sept. 13.

"We hope the fourth quarter will set the stage for the rest of the season. Basically we were going through the motions for the first game and one-half. The defense started playing well and Jim Frank (Mundelein's quarterback) got a lot of confidence," Heifner said.

Mundelein had started the year being manhandled by Lake Forest 16-0. Fenton led by the same score before the visiting Mustangs made it close.

Frank hit Don Maresch on

a five-yard toss to cut the gap to 16-6 in the fourth quarter. The Mustangs' try for two failed.

Later in the quarter, Frank found Jeff Geary open for a 22-yard TD. Geary then caught a pass, bringing the Mustangs to within two.

When the Mustangs host Zion, it will be a game of 0-2 North Suburban Conference teams hoping to put it all together. For the winner, a victory means at least a shot at finishing in the upper division. For the loser, it's 0-3 and time to grasp for respectability.

"Zion has a lot of speed and a strong aggressive defensive team. They gave Lake Forest a good game," Heifner said.

The ZeeBees opened the season with an 8-6 upset loss at the hands of North Chicago before losing to Lake Forest.

The NSC race is already scrambling the predictor's crystal balls. Lake Forest is still on top at 2-0. Stevenson is also at 2-0 and Antioch, last year's second-place finisher and a team expected to be in a rebuilding year, is a somewhat surprising 2-0.

Libertyville, a pre-season contender, slipped to 1-1 after being upset by Warren 14-8 in overtime.

"It's very hard to say," Heifner said of the NSC race. "This is a very defense-oriented conference and there has not been a lot of scoring. The race is wide open. Whoever stays strong on defense will win," Heifner said.

CLC Spikers Win

by JOHN PHELPS

The College of Lake County officially opened their women's volleyball season, when the Lady Spikers defeated visiting Moraine Valley 15-11, 15-9, 10-15, and 15-7.

"They played really well for the first match of the season," commented Lancer head coach Laura Fillipp. "I feel we have a lot of depth this year and this is definitely a stronger team than what I had last season," added Fillipp following the convincing win.

Offensively, leading the way for CLC in the first game was JoAnn Hangebrauk with eight spikes and five points scored. Gina Martinez slammed eight spikes in game two, while Hangebrauk con-

tributed with six spikes and five points scored. In the third game, the major weapons in CLC's arsenal were Debbie Scoggins with eight spikes and Halkyard seven. Doreen Goodwin scored three points, with Lynn Arvidson and Gina Martinez each having two. And in the final match, Halkyard had eight spikes, while Arvidson had five.

Finally, the Lancer soccer team faced U. of Wisconsin-Parkside-JV last Wednesday, only to come away with a 1-1 tie. "We played really well, considering the soupy weather conditions and the fact that we were up against a four-year school," stated Lancer Head Coach Dave Beck.

Round Lake, Grant Running Attacks To Face-Off

by STEVE PETERSON

For the high school football fan who likes watching the old grind 'em out ground attack, Round Lake Senior High School will be the place to be Sept. 19.

The Round Lake Panthers

Walter Tesch, must find a way to move the ball against the Grant defense. So far, two Fox Valley Conference teams, Jacobs and McHenry have not.

Thus, the Bulldogs start the league campaign coming

said.

When it was all said and done, Grant had forced four critical McHenry turnovers. Kevin Frystak scored Grant's first touchdown on a one-yard plunge in the first quarter.

Quarterback Garry Glauser passed to Kevin Frystak to make it 8-0 and that was all the Bulldogs needed.

Mike Kazlauskis scored from nine yards out, McDonald scored another TD pass and a Glauser run accounted for Grant's other

scores.

Glauser led the rushing attack with 69 yards while Kevin Frystak had 52 and Brad Frystak 41.

Round Lake, meanwhile, had its lights turned on to start a new era and then had them turned off by Dundee-Crown.

Dundee-Crown's James Haywood burst through the Round Lake defense to settle matters late in the fourth quarter.

Round Lake led 9-6 and the visitors were at their own 43-yard line. Despite a fourth-

and-10 situation, Haywood got the call and found enough open room in the Round Lake secondary to go all the way with the winning score.

Damon Horn continued to be a threat for the Panthers. Horn gave Round Lake the three-point lead with a 37-yard field goal with just under seven minutes remaining.

Although there will be six long weeks left in the season after the contest at Round Lake, the game should establish at least the team-to-beat.

"It is an important game, but as the playoff system is set up, we take them one game at a time," Rogowski said.

But this would certainly be one game both squads would want in the win column badly.

In other league games, Grayslake hopes to brake into the win column Sept. 19 when the Rams travel to Woodstock to face Marian Central. Elsewhere, Marengo hosts Lake Zurich Sept. 19 and Wauconda hosts Johnst. Sept. 20.

Game Of The Week

and the Grant Bulldogs square off in a key Northwest Suburban Conference matchup. The game pitting two of the top three pre-season NWSC teams is Lakeland Newspaper's Game Of The Week.

"They beat us 3-0 last year and that left a scar. When you have a scar, you try to remove it," Grant coach Mike Rogowski said of Round Lake.

Round Lake, under the direction of quarterback

off a 2-0 pre-league start. The Bulldogs are the only conference team to register two non-league wins.

Grant whitewashed McHenry 30-0 in a game dominated by the Grant defense.

"Our defensive line played great," Rogowski said, then naming its members - Tyler Hamm, Mitch Meyers, Matt Knox and Bob Foster.

"Once we got ahead, they had to pass and we were able to blitz more," Rogowski

Bulldog Runners Win Four Straight

Grant's cross country teams have been very busy. There were three dual or triangular meets during the week and the Wauconda Invitational on Sept. 13.

At the end of the week, the boys varsity record was 4-0 by defeating Woodstock, Zion Benton, Warren, and Round Lake. The girls

record was 3-1, losing only to Woodstock. The frosh-soph. boys' record stood at 4-0.

In the important conference meet against Round Lake, Mike Thomas and Troy Rejholec finished second and third to lead the Bulldogs to a close 25-31 victory. Todd Rejholec and Brett Herbert were 5th and 6th with Pete Wach and Mike Russo finishing ninth and 10th. In the girls varsity race against Round Lake, the Grant girls took the first four places. Jenny Wisniewski was first, Debby Warden second, Cindy Edwards third, and Holli Herbert fourth. Jenny Loring, Janice

fourth, Rob Warden sixth and Tom Warden seventh.

In the Wauconda Invitational several team members brought home individual awards. Mike Russo was second in the boys frosh-soph. race, and Pam Short finished seventh, eighth and ninth. The frosh-soph boys were led to victory over the Panthers by the 1-2 finish of Steve Scharr and Ted Dawson. Tom Zanzola was soph race. Debby Warden was tenth and Jenny Wisniewski finished 18th in the girls race. Mike Thomas was eighth in the boys varsity race, followed closely by Troy Rejholec in tenth.

Roger Adkins, Pam Short, and Jenny Ryzn each received individual awards in the open races. Of the 19 teams participating, the Grant frosh-soph boys were ninth, the girls fifth, and the boys varsity team was seventh.

Warren Can Enter Title Race With Another Win

by STEVE PETERSON

Warren Twp. High School's football team can accomplish two things with a win at North Chicago Sept. 20.

First, the Blue Devils can reassert their position in the high rent district of the North Suburban Conference as legitimate. Second, the Devils can put a monkey wrench into North Chicago's efforts for a first-division league finish.

The reason why the contest means much to both 1-1 teams comes from last week's results: Warren upset NSC front-runner Libertyville 14-8 in overtime while North Chicago was shutout by Lake Forest, 10-0.

"This is a big win for our program," Warren coach Reggie Hughes said as his players celebrated.

Several North Chicago players were in attendance at the overtime thriller and Warren gave them plenty to consider.

For example: Jim Rung, a 6-5, 227 pound defensive lineman recovering two fumbles.

Dave Davis scoring the winning touchdown from one yard out after limited duty for four quarters.

Quarterback Derek Shelton finding the touch on the passing game to the tune of 17-for-23 pass completions, most in the second half.

Warren's bend-but-never-brake defense stopping Libertyville after Warren had scored on the first possession of overtime.

Finally, two blocked field goals by Warren's defense, including one in the fourth quarter.

"It was really even between him and Tom Thompson," Hughes said of Shelton. "He (Shelton) missed five games as a sophomore but Derek really rose to the occasion."

Besides Thompson, who

started practice a few days before Warren's opening-season loss to Niles North, the Devils were without starting tight end Brian Jarrell, who is expected to be back for the fourth game of the season.

Hughes said one of the differences between the upset of Libertyville and the season opener was the game's start.

"In the first game we got behind by two touchdowns in the first five minutes. The coaches thought there was still plenty of time left, but it takes an awfully mature offensive club to come back," Hughes said.

Warren started off on the right foot thanks to its defense against the 'Cats. Jim Vandervere was credited with a safety for a 2-0 Warren lead four minutes into the game.

On Libertyville's next possession, Rung came up with his first fumble recovery of the night, giving Warren the ball at the Libertyville nine.

Brian Lochman, on his third straight run, scored from five yards out.

The extra point try was blocked, however.

Warren got a scare to start the second half when

Libertyville's Richard Bloom ran back the kickoff 55 yards to the Warren 23. Mike Jones then recovered a fumble on the next play, though, to give Warren the ball back.

Libertyville tied the score with a long bomb at the end of the third quarter.

Quarterback Todd Shanoltzer found Brian Cunningham on a sideline pattern good for 84 yards and six points. Cunningham then tied the score by catching a pass for a two-point conversion.

Libertyville had good chances to win the game in regulation.

Rung stopped the Wildcats at the Warren 12 with a fumble recovery after Libertyville had blocked a Warren punt.

Earlier, Libertyville's Jason Graham had missed a 38 yard field goal.

Warren won the toss and handed the ball to Davis three times in the overtime. He scored on the third.

The defense then had to stop Libertyville and it did. After two short runs and an incomplete pass, Shanoltzer was stopped cold, about a yard in front of Warren's goal line.

Then it was time for the celebration to begin.

Rams Netters Ready For Debut At Tournament

Grayslake's girls tennis team will have the opportunity to play against some of the best players in the Chicagoland area Sept. 20.

The varsity will compete in the Elk Grove Invitational, an eight-team event, for the first time.

"It will be an opportunity to get some competition we don't normally get into," Grayslake coach Paul Keller said.

Keller said among the teams entered in the meet are Cary-Grove, which beat Northwest Suburban Conference favorite Lake Zurich; Addison Trail and Waukegan West.

The Rams will be coming off a tough match against

Lake Zurich earlier this week.

"That match should determine how far we can go," Keller said before the battle with the Bears.

Grayslake opened its N-WSC portion of the schedule with a 4-1 win over Round Lake Sept. 10.

First singles player Jacqui Relitz had to fight off Louise Schaefer 7-6, 7-5 to win.

Round Lake's Carrie Cowley topped Alice Nguyen at number two. After Nguyen won the first set 6-1, Cowley took the next two sets, 7-6, 6-3.

Celeste Hafner won her fourth straight match at number three singles. Hafner won by 6-4 scores in

twosets.

In doubles, Alice Norton and Julie Tortorici beat Julie Fusco and Mickey Duex 6-1, 6-1 at number one. At number two, Jenny Grube and Nicole Mumber beat Bobbi Gonzalez and Tracy Mast 6-3, 6-3.

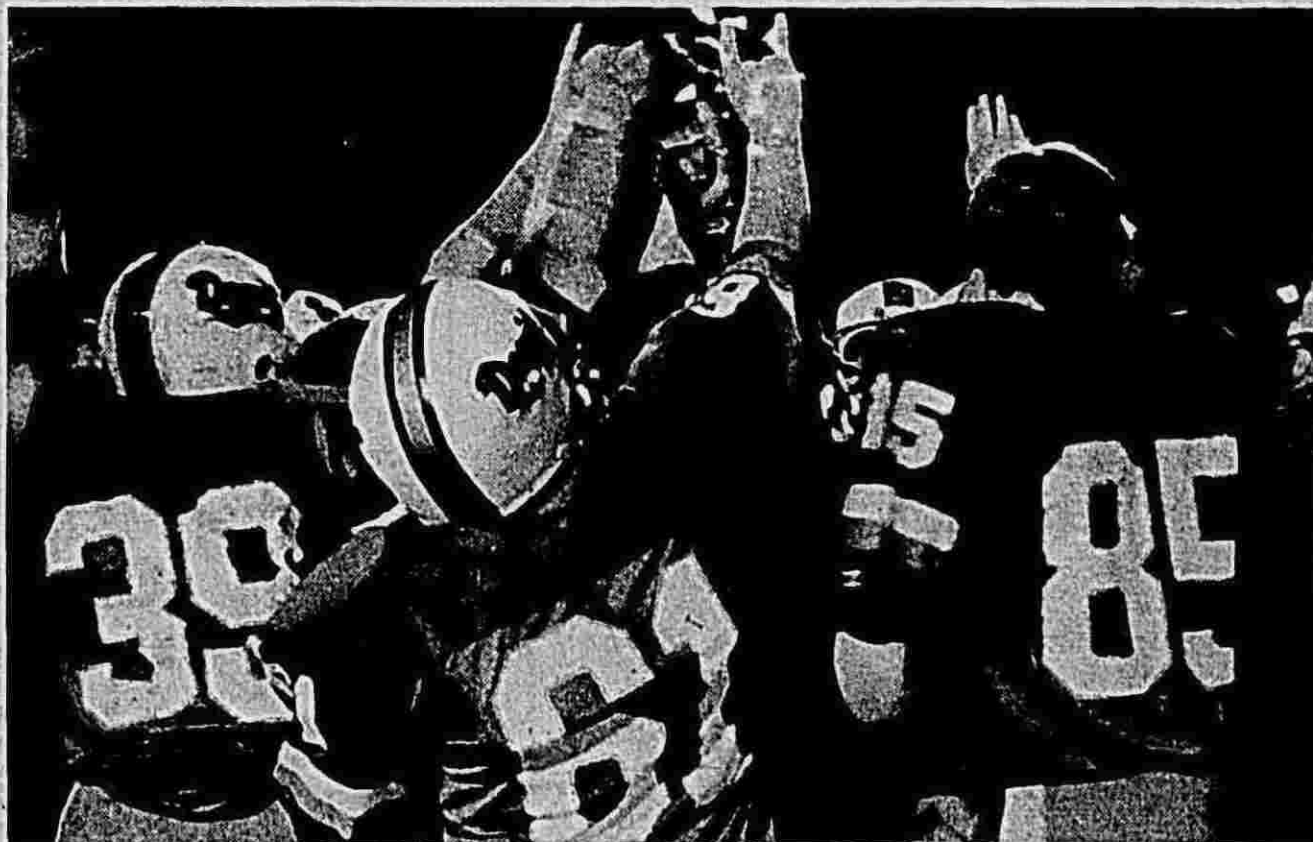

"That was the second doubles team's first win so maybe it will give them some encouragement," Keller said.

A match at Warren last week was rained out for the second time.

While the varsity will be competing at Elk Grove, the junior varsity squad will be at Mundelein Sept. 20.

The Rams return to league play when they travel to Marengo Sept. 22.

Bulldogs Aim To Surprise Skyhawks In League Opener

Strange game, this thing called high school football.

During summer practices, Wauconda coach Fred Loffredo and his staff struggled to find enough players to field a team.

Now the Bulldogs are hoping to make it two straight and start the Northwest Suburban Conference season in first place with a win over Johnsbury Sept. 20.

Johnsbury, a team which clicked in practice, now finds itself 0-2 when it travels to Wauconda for a 2 p.m. kickoff.

Wauconda made the football world take notice with a 26-0 blitzing of Jacobs Sept. 13. Johnsbury, meanwhile, was losing to Nazareth Academy in LaGrange Park 21-14 in overtime.

"Our freshmen coach scouted Wauconda's game against Jacobs and he came across impressed. He said they may have been picked

to finish last in the conference, but they were a scrappy bunch of 21 kids," Johnsbury coach Mike Roberts said.

"We played better than last week. We played our best defense in years," Wauconda coach Loffredo said.

The Bulldogs defense indeed played tough, registering five interceptions, three fumble recoveries and a blocked punt against Jacobs.

The game was still up for grabs when Wauconda scored its first touchdown. After Wauconda's Rob Haefk blocked a punt, Jerry DeLaurentis scored on a pass from Matt Smyth and the Bulldogs had a 6-0 lead.

In the second half, Mark Sutherland hit Haefk on a 44-yard strike and that got the Bulldogs offense off and running.

DeLaurentis scored on a 25-yard interception run in the second half.

Roberts came away with a bitter feeling after his team's overtime defeat.

"We're just so inconsistent. I'm upset; I'm not happy. I don't think anyone is playing up to their potential. We moved the ball in the second and third quarters but then relinquished the lead," Roberts said.

Johnsbury spotted Nazareth a 7-0 lead in the second quarter before tying the game. Quarterback Frank Husak found wide receiver Bill Leisner open for a 6-yard strike. The extra point tied the score 7-7 at halftime.

The Skyhawks went ahead in the third quarter. Husak capped a drive with a 15-yard pass to Juan Caratachea for a 14-7 lead.

Johnsbury's offense stalled, though, in the fourth quarter and Nazareth tallied in the first overtime period.

Husak completed nine of 16 passes for 133 yards but was sacked six times.

Fighting For Control

Sequoits Hope To Improve Offense Before Lake Forest

"We're expecting to have our hands full," said Antioch's varsity football coach, Steve Wapon, concerning the Sequoits' clash with the Lake Forest Scouts scheduled to take place at Lake Forest on Sept. 20.

Since Lake Forest is the early season favorite to lead the North Suburban League, Wapon will be working to improve the Sequoit offense even more than it was in the North Chicago fracas in which the Sequoits were victorious, giving Antioch a 1-1 record early in the season.

It was an outstanding defense, which made five key interceptions in the Sequoit-Warhawk battle, that led Antioch to a 13-7 victory, but Wapon gave part of the credit to his much im-

proved fledgling offense.

Fullback Tom Durrell was responsible for both Antioch touchdowns, the first on a one-yard run with 4:31 left in the first period, and the second on a 10-yard dash with 1:30 left in the second quarter.

David Wick was Antioch's leading rusher going 67 yards in 16 carries and Durrell went 18 in seven carries.

Antioch's two quarterbacks Chris Polark and Wade Kilman helped in the air; Polark 4-14, gaining 39 yards and Kilman 2-5, gaining 18 yards.

Leading Sequoit receivers were Scott Gooch, 2 for 18; John Mehnert, 2 for 18; Wick, 1 for 9 and Brian Pankauskas, 1 for 12.

Pankauskas was also responsible for the extra point on the second touchdown.

It was a crucial interception by Bob Cord on Antioch's goal line in the second quarter that was the game's highlight.

Cord stopped the Warhawks at the zero hour and returned the ball with a 41-yard run.

Joel Bachochin and Mike Galdine also had two interceptions each.

Wapon was proud of his boys for holding Warhawk fullback Steve Franklin to 49 yards gained in 12 carries.

Wapon added that "this is the best North Chicago team we've played since I've been coach, we were lucky to get out of there alive."

Teams Busy

Grayslake Community High School's sports teams will continue to face busy schedules this week.

Five Rams teams are in action Sept. 18.

Coach Howard Fierstein's soccer team plays at Warren in a 4:30 p.m. match. Volleyball is at Lake Zurich while freshman football, cross country and golf are home.

Freshmen football hosts Marian, golf hosts Marian and the cross country quad hosts Wauconda.

Carmel Faces St. Viator Next

For six teams in the East Suburban Catholic Conference, the league opener will at least be one blessing.

They don't have to face St. Viator.

But the one team that does have to face St. Viator Sept. 19 is Carmel.

Fortunately for the Corsairs, they are coming off two strong non-conference showings.

"We play one great football school in the conference right away," Carmel coach Mike Fitzgibbons said.

Fitzgibbons said he was impressed with St. Viator's 37-0 whitewash of DuSable.

"They had it all together," the rookie coach said.

Fitzgibbons said that St. Viator features a varied attack.

"They give you a lot of different looks. One thing is their offense is flexible," Fitzgibbons said.

The Corsairs used a long drive and clutch plays from the defense to knock off Woodstock 21-6. Carmel beat Waukegan East in the season opener.

Danell Foster started the scoring with a 47-yard run in the second quarter for a 6-0 Carmel lead.

A blocked punt by Scott

Hansen led to a one-yard touchdown plunge by Ken Self in the third quarter.

Backup quarterback Steve Bruns scored on a 49 yard scamper in the fourth quarter. Key blocks were thrown by tackle Mike Rietz and tight end Rob Graham.

"We played terrific, real good football," Fitzgibbons said.

The mentor said the Corsairs controlled the line well against the Blue Streaks.

In other ESCC games, St. Patrick is at Notre Dame Sept. 19, Marist is at St. Joseph Sept. 20 and Joliet Catholic is at Holy Cross.

Building Illinois' Economy

Senator Alan J. Dixon (D-Ill.) addresses about 1,000 Kemper Group employees in front of the company's Long Grove headquarters on Sept. 2. Dixon accepted a \$2,000 contribution from Kemper on behalf of the

Institute for Illinois. The Institute was founded, with Dixon's involvement, to improve federal support for economic development in Illinois, concentrating on funding for research and development.

Round Lake Manufacturer Appoints Calabrese

Frank Calabrese, 32, has been appointed National Sales Manager for the Greive Corp., a Round Lake-based manufacturer of industrial and laboratory

ovens and furnaces. Calabrese has a degree in Chemical Engineering, University of Illinois, and spent five years with Industrial Risk Insurers,

initially as a field engineer inspecting refineries and chemical plants throughout North America and ultimately as staff supervisor engineer directing field engineers in this same area.

He later became an independent sales representative, and for the last five years has represented Greive and several other allied product lines in Northern Illinois.

Calabrese will be responsible for directing the efforts of 42 sales representative organizations worldwide.

Offers Class On Concrete

Courses on concrete that range from the basic to the advanced will be offered by the Portland Cement Association.

"Basic Concrete and Related Field Practice," November 10-14, 1986 is designed to enhance product knowledge of ready-mix producers, contractors, inspection and testing organizations, material suppliers, sales firms, and city, state, county, and federal agencies.

The five-day class will cover materials, and principles of quality concrete and construction. In laboratory sessions, mix design problems will be worked out and verified with test specimens, and finishing practices will be demonstrated. A special session will cover the mixing and transporting of ready-made concrete. Sessions will be conducted by persons familiar with field problems to ensure discussions

relevant to current construction practices. The registration fee is \$900.

A course in "Advanced Concrete Technology" is being offered Dec. 1-5, 1986, for those who have a basic background in concrete. The advanced class will cover concrete materials, including lightweight concrete, curing requirements, and factors causing concrete strength variations.

The class will cast specimens for later verification, determine in-situ strength, and perform standard tests for qualifying cement, aggregates, and admixtures used in the production and control of concrete.

The five-day class is limited to 28 and the registration fee is \$900. Both classes are accredited by the Council for Noncollegiate Continuing Education and are approved for college credit. They will be conducted at PCA's Cement and Concrete Center Skokie.

Stock Market Plunge Is Minor Aberration

The great stock market plunge on Thursday was based on rumors, emotions and stubbornness—not on any fundamental weakness in the economy.

First, a fall of the world's or the nation's economy is not imminent and the "record" decline isn't really a record. The 87 point dive of the sky-high Dow Jones industrial average represented only a 4.6 percent decline, as compared to the 12.8 percent

ch the West scramble.)

—Treasury yields. Late on Wednesday it appeared that the Japanese knew of the coming Saudi report, because they began dumping their holdings in U.S. Treasury securities.

The rapid and unexpected over-supply of the Treasury instruments caused their price to fall, pushing their interest rate yields up as much as 0.25 to 0.5 percentage points.

Seeing, but not necessarily understanding, Wall Street's traders equated these temporary higher interest rates with a longer term rekindling of inflation.

—The rumor mill. Rumors swept the markets that retail sales (a government figure released Friday morning) were up 2.5 percent from the previous last month.

The general thinking was that higher retail sales were interpreted to mean that the economy was stronger than expected, thereby reducing pressure for the government to lower interest rates. It could also mean: inflation!

The rumor was given great credence because similar rumors of late have been disturbingly accurate. (However, this one wasn't.)

The market was tumbling but nothing real had happened, except an erroneous oil production report, which was apparently leaked to the Japanese, and a possible leak from Washington of good news about the U.S. economy.

—The Meyers Report analysis. It would not come as a surprise if the Saudis deliberately leaked their tidbit to the Japanese in order to shake up the boys on Wall Street. If the Saudis did not tell the Japanese, Wall Street might have done nothing, waiting for something to happen. By telling the Japanese, they actually moved the market. The Japanese made money, we believe the Saudis made money, and Wall Street took a bath.

—Over-reaction. Wall Street traders are too close to the market place and feed off their

own emotional anxieties. They have been struggling with a stable economy for well over a year and a half. As a result, they have been reacting to every slight economic breeze as though it portended a coming typhoon.

Think of the economy as a resting man, who when seeing his chest rise panicked himself into thinking he was going to explode. The hypochondriac (Wall Street) forgot about normal expansion and contraction of breathing (trading ranges).

—Computer sell programs. Experts attribute a minimum of 40 percent and perhaps as much as 60 percent of Thursday's sell orders to be from those infamous computerized buy/sell programs. The computers see a technical spread difference between the futures market and actual stock prices and then swing into action, no matter what else is going on. The programs can turn a strong movement into a virtual stampede, up or down, which can trample short-term investors.

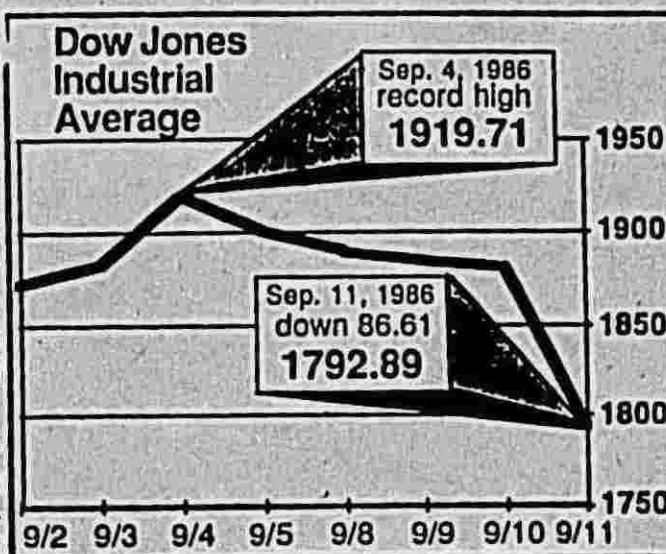

Here's why none of the above should have any bearing

—Reagan is consistent. The President has been steadily pushing for lower interest rates to spur the U.S. economy and that of the Third World. Nothing has occurred to change that. That Ronald Reagan has a stable approach to the economy seems difficult for uncertain ears (i.e., Wall Street) to accept. But, they should.

—Inflation is near zero. Over the last 12 months U.S. inflation is running at a scant 1.2 percent; over the last six months it is zero percent.

The price of raw materials for production, base metals, has been stable or declining for over a year, as are farm products. Oil prices are 50 percent below what they were a year ago and still there is a glut. Interest rates are down and taxes are also coming down. In short the cost of living is stabilizing.

That some of these declining prices should have an uptick should not be surprising and

certainly not worrisome. —The economy is gaining strength. Retail sales are up (0.8 percent), as is consumer debt, proof that Americans are buying. And, the reason they can buy is that unemployment (now 6.8 percent) continues to fall, and real personal income is up 0.5 percent.

Construction spending is up. This is the best year for new home construction since 1978. With mortgage rates declining there is no reason for this to stop.

—The future retooling of America. The new tax programs will give the U.S. the lowest corporate tax rate in the industrialized free world. As such, expect large amounts of foreign capital to be invested in American industry.

So, why all the gloom? Simple. The Wall Street stock market can find bad news in a silver-lined cloud.

decline on Oct. 28, 1929.

Inflationary feats in the following areas sparked the plunge:

—Oil production. On Tuesday Saudi Arabia released a report showing oil production to be approximately 18 percent above OPEC's stated quotas. Two days later, on black and blue Thursday, the Saudis said the report was false and that in fact OPEC's production was actually at or below quota, thus raising the specter of higher oil prices. Renters, Condo Owners Need Different Type Insurance

Millions of people nationwide rent an apartment or own a condominium, but many of them are insurance rookies.

While many condo owners have some form of unit insurance, it is estimated that more than half of America's apartment tenants have no insurance to cover their personal property.

The Meyers Report

Economic forecaster Gary S. Meyers has been a lecturer and consultant to major financial institutions, government analysts, real estate developers and daily newspapers throughout the nation for the past 16 years. Readers are invited to submit comments and questions for possible use as subjects for future columns. Write Gary S. Meyers & Associates, Ltd., 20 W. Hubbard, Chicago, IL 60610.

"Insurance company records show that few tenants had coverage because they either assumed the building was fireproof, or they thought the landlord's insurance policy would cover their losses," said Bob Schultz, executive vice president of the Illinois Insurance Information Service.

Schultz told the Meyers Report more renters would buy insurance if they asked themselves one question: How much would it cost to start over if all their personal property and household belongings were destroyed by fire?

All apartment renters should be familiar with the basic tenants policy, insurance experts say.

Renters insurance also is known as a "contents policy," or a "contents-broadform policy." It may be referred to as an "HO-4" policy.

A tenants policy insures personal belongings and household contents, including furniture, appliances and clothing, against losses from the following perils:

1. Fire or lightning, windstorm or hail, explosion, riot or civil commotion, aircraft, vehicles, smoke, vandalism and malicious mischief, theft, breakage of glass or safety glazing material.

2. Falling objects, weight of ice, snow or sleet, building collapse, accidental discharge or overflow of water or steam, sudden and accidental tearing of a heating or air-conditioning system.

3. Frozen plumbing, heating or air-conditioning systems, and sudden accidental damage from artificially generated electrical currents.

A tenants policy usually costs less than homeowners insurance because it does not insure against structural damage. Most companies require that renters buy a minimum coverage of \$12,000.

A typical tenants policy also covers per-

sonal property when it's away from the apartment or house—up to \$1,000 or 10 percent of the limits of the policy, whichever is more.

Tenants insurance also protects against personal liability claims, including medical expenses and legal expenses, as well as against claims made for damage caused to others' property.

The best way to estimate how much insurance coverage you should have is to make a list of every insurable item in your apartment. Estimate the value of each item. "If you own a condo, or plan to buy one, the coverage you buy will be divided into two different breeds of insurance," Schultz said. Here are details on each:

Condo association or building policy. Purchased by the condominium association, this policy covers the common areas in which you share ownership with the other condo owners—including hallways, lobbies, the garage, the rooftop swimming pool and the boiler.

If you are just moving into your condo, you won't have much to say about the association policy, although you'll be paying for it with your monthly assessments. But you should know what's in the policy, so you'll know what kind of coverage to get for your own unit.

It's also a good idea to have a qualified insurance agent check over your building association's policy to make sure it is adequate to protect the common property in which you share ownership, and to protect you from any liability arising from that ownership.

If the association insurance is not adequate, you can buy loss assessment coverage as part of your individual unit policy.

Condo-unit owners policy. This form of condo insurance is the policy you buy yourself to protect your personal property in your own unit.

Under the typical condo-owners policy, called HO-6, such items as furniture, clothing and other personal possessions are covered against loss or damage from such perils as fire, smoke, lightning, windstorm and theft.

You will have to inventory your possessions to decide how much coverage you'll need. You also may need a rider, or endorsement, on the policy to cover such valuables as jewelry, furs or antiques.

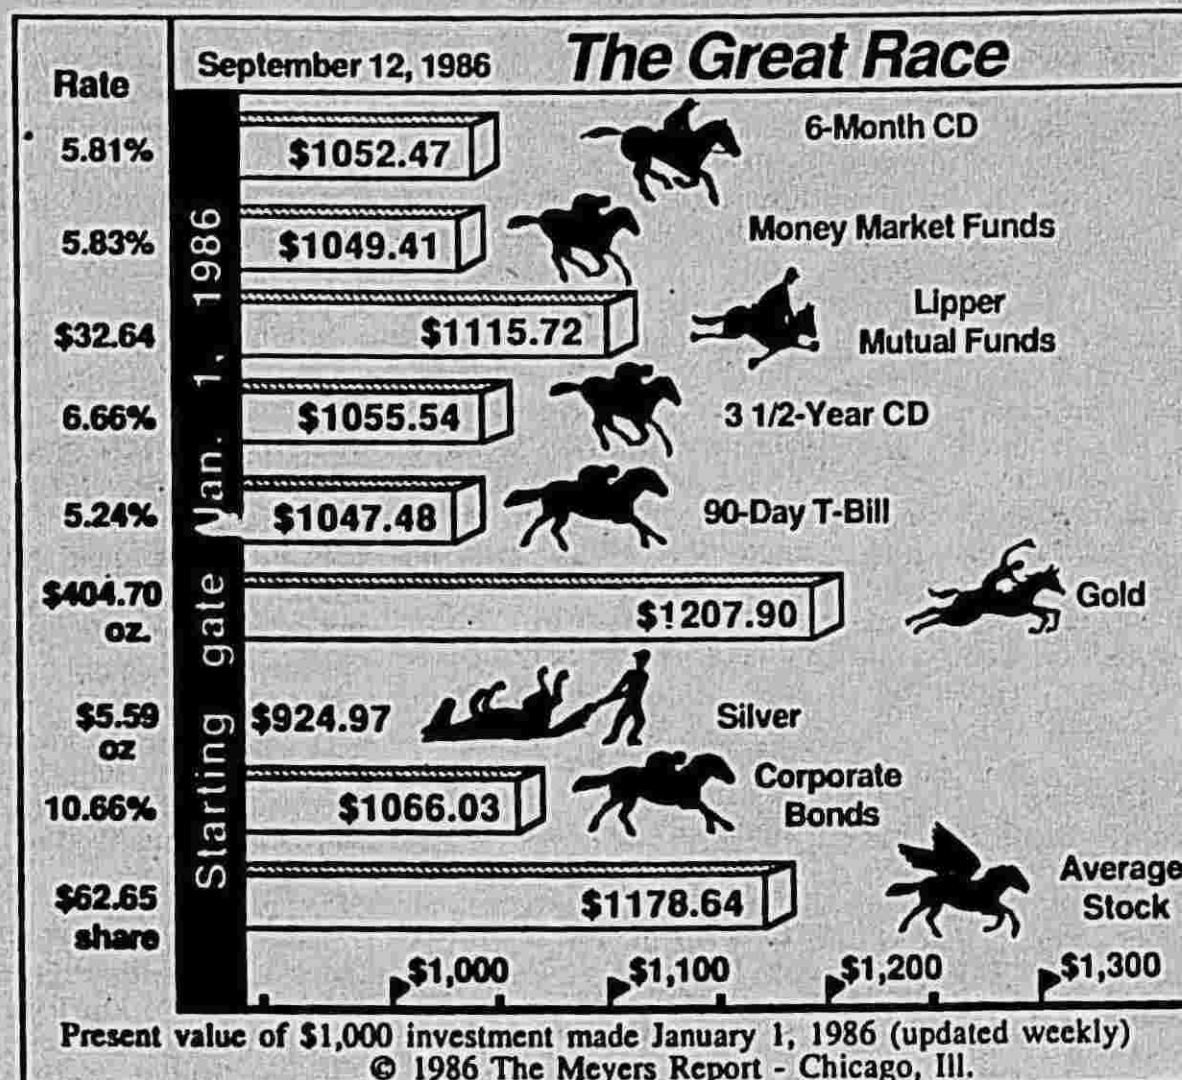

Most condo-unit owners policies, like most homeowners policies, pay actual cash value for your losses. That means if there's a loss you'll get the replacement cost of the item minus depreciation. Insurance companies offer replacement-cost coverage at a higher premium.

A typical condo-owners policy should provide the following:

- Living expenses if your unit is damaged and you're forced to live elsewhere.

- Liability protection for personal injuries or damage to other people and their property.

- Improvements and betterments protection, to cover any interior improvements you've added to your unit.

Form New Lawfirm

A new lawfirm has been formed in Gurnee by two local attorneys.

Thomas A. Robinson and Dennis A. Brebner opened their offices at 4219 Grove Ave. in Gurnee. Both Robinson and Brebner were formerly with the Waukegan firm of Snyder, Clarke, Dalziel and Johnson.

Robinson, formerly of Gurnee, graduated from Warren Twp. High School in 1969. He was with the Lake County Defender's Office before going to the Snyder, Clarke, et al firm. He has concentrated his practice in the areas of trial work, litigation and general law.

He is married to the former Gail Schulz of Gurnee, and has two children, Jessica and Jeffrey.

Brebner is from an old Lake County family and currently resides in Gurnee. Before going to the Snyder, Clarke, et al firm, he was asst. personnel director of DuPage County from 1979 to 1981 and asst. personnel

director of Lake County from 1981 to 1983. He is married to the former Maureen Thunder and has two children, Christopher and Ryan.

The Robinson and Brebner firm was recently appointed to represent the Warren Twp. High School Board and the Lake County Medical Society, among others.

Discuss Chemical Dependency

"Stress Factors in Chemical Dependency" will be discussed by Deb

Newman during a free presentation at 7 p.m., Thursday, Sept. 18, at

Victory Memorial Hospital in Waukegan. Newman is assistant director of the hospital's chemical dependency programs. For more information, call (312) 688-4357.

Festival To Bring Scarecrows Galore

Dozens of handcrafted scarecrows dressed in traditional and current themes will appear in competition for viewing and photographing at Lincoln Park on Main St. in St. Charles, Ill., beginning at 9 a.m. Saturday, Oct. 11 through 5 p.m. Sunday, Oct. 12.

Entrants will compete for over a \$1,000 in cash prizes as visitors cast votes for their favorites. Presentation of awards will be at 5 p.m. on Sunday.

The festival will be complemented with related fall activities and food booths featuring candied apples, hot spiced cider, shoofly pie, pumpkin pie, and a variety of hot and cold sandwiches.

Old fashioned wagon hayrides, led by Percherons (larger than Clydesdales) will provide a nostalgic ride around town where there will be demonstrations of crafts, an antique sale and a cornucopia of fall harvest vegetables and fruits at a Farmers Market.

New this year will be the addition of the Jaycees Haunted House located at the River Expo Center at 201 North First Ave.

A Scarecrow Dance, Saturday evening from 8 p.m. until midnight, at the Hotel Baker, will feature prizes for costumes.

Scarecrows will appear throughout St. Charles in display windows of businesses and in a miniature scarecrow display.

The annual contest highlights the peak of nature's fall color show of turning leaves in the valley along the Fox River, just an hour west of Chicago.

For a free map/brochure, contact the St. Charles Convention and Visitors Bureau at P.O. Box 11, St. Charles, Ill. or call (312) 377-6161.

Mr. Egger died on Thursday, Sept. 11, at Condell Memorial Hospital, Libertyville. He was born in Chicago on July 23, 1907, and had made his home in Grayslake for over 36 years, where he was a member of Shepherd Of The Lakes Lutheran Church. He was a veteran of World War II. Mr. Egger had retired from Signode Corp., Glenview, in 1975, where he had worked for over 25 years as a tool and die inspector.

Survivors include his wife Marcella (Doherr); one son, William O. (Lee) Egger, Park Ridge; two sisters, Pauline Corrin of Lexington Ky. and Emily Wolatz of Knoxville, Tenn.; and two grandchildren.

Internment was at Ridgewood Cemetery in Des Plaines.

Poverty Is Concern

Poverty in families headed by women is a source of increasing public concern. In 1984, the number of these families with incomes below poverty level exceeded the number of married-couple families in poverty, according to a fact sheet on working women published by the Women's Bureau of the U.S. Dept. of Labor.

It's something you do together...for each other.

Setting up a funeral trust fund is a practical way for a husband and wife to protect each other from unexpected expenses in times of grief...and it's a good hedge against inflation. At no obligation, we can provide you with complete information about funeral trust agreements. Call us today.

Simonsen To Teach In London

Ken Simonsen, an instructor in the communications division at the College of Lake County, has been chosen to teach in the London Study Program during the 1987 spring semester.

This program presents CLC students with their first opportunity to spend a semester studying abroad. Students will study history, economics, literature, humanities and art, and will participate in field trips to Parliament, the British Museum and other cultural and government centers.

Simonsen was selected as a faculty representative from CLC by the Illinois community colleges and

Illinois State University. "The program is a gold mine of opportunity for students," says Simonsen. "You really have to live in a

Ken Simonsen

culture to appreciate it. Now, instead of just reading about Medieval architecture, students can see Medieval masterpieces like Canterbury and Winchester Cathedrals."

Simonsen, a member of the CLC faculty since 1971, will draw upon his extensive experience in directing international study tours as he prepares to teach humanities in London. He has traveled to all parts of the world including eastern Europe, Japan, Hong Kong, Kenya, El Salvador and the Mediterranean.

His wife and daughter will accompany him for the semester, which runs from

Jan. 9 through April 25.

The campus is located in the Kensington area of London and offers easy access to a variety of museums, monuments, shops, cultural activities and parks.

Only 45 students from across the state will be selected for the program. Students who have completed 15 hours of transfer credit with a grade point average of 2.5 or above may register now through Oct. 15.

For more information contact the Associate Dean for Social Science John Lumber at (312)223-6601, ext. 532.

Ready To Fight

Sander Stagman, Democratic candidate County Sheriff, announced that State Rep. Stern has agreed to be the chairperson of his committee. Stern said, "I feel Sander's intelligent, outstanding credentials make him eminently qualified to be the finest Sheriff Lake County has ever had. Other election committee officers include Lake Villa Twp. Trustee Suzy Schmidt as treasurer, and Eugene Rawhoof, past president of the Lake County AFL-CIO council, as coordinator for grass roots organizations. --Photo by Charles Johnston

Ministers Walk for Winchester

Interfaith Community Services (ICS) announces its first annual Fall Minister's Walk for Interfaith-Winchester House. The walk will be held in Libertyville, starting and finishing at Winchester House, on Oct. 12 from 2-4 p.m. Ministers from over 50 Lake County churches are expected to participate. Friendly competition will be generated among churches to sponsor their own pastors on the walk. The church with the greatest contribution per member will receive a plaque which will remain in that church until next year's walk. The money raised will be used in the chaplaincy programs at Winchester House in Libertyville which houses over 350 of Lake County's aging residents.

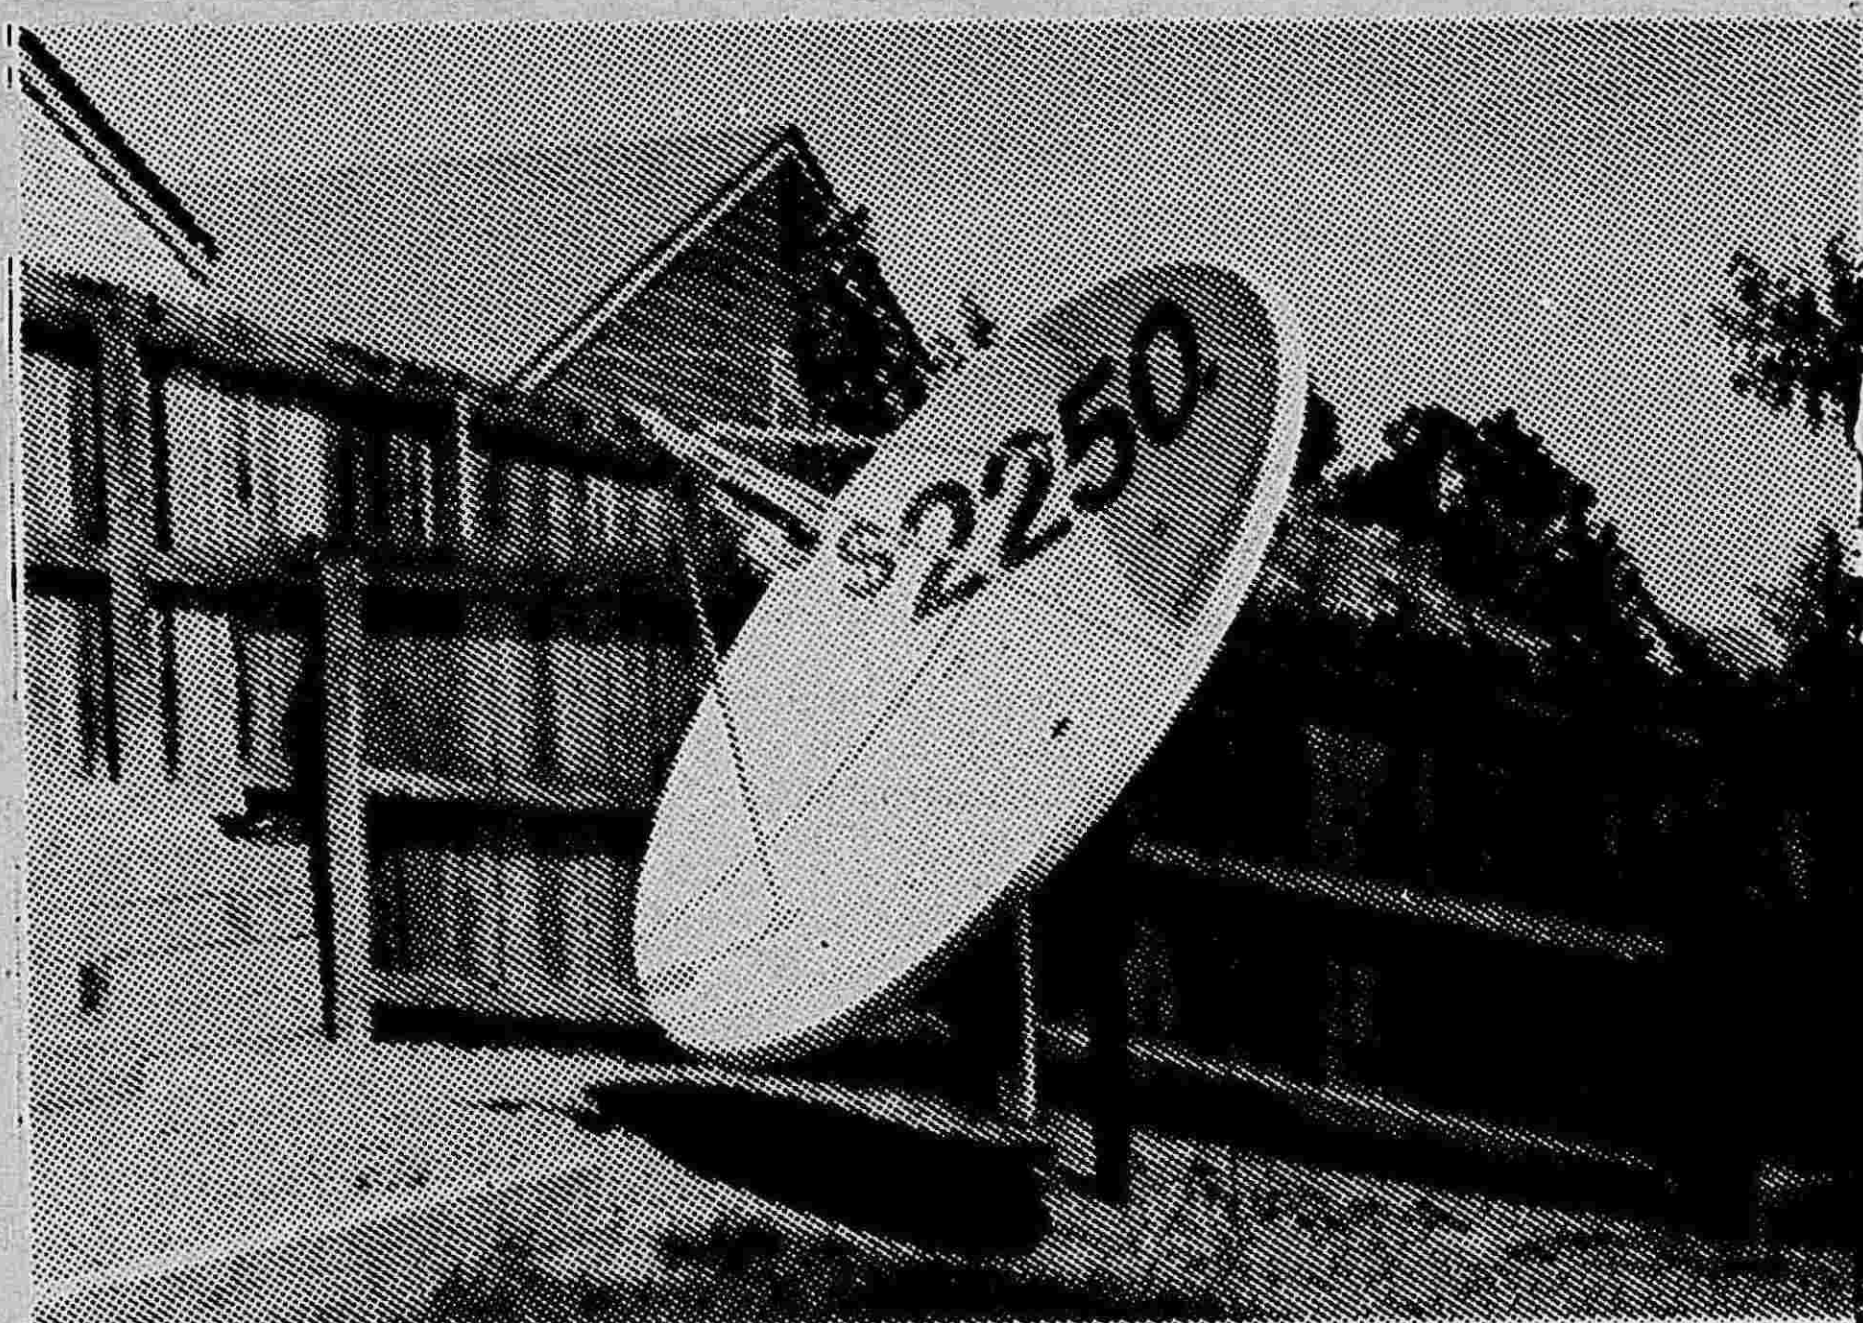

The Minister's Walk for Interfaith-Winchester House is being timed this year to coordinate with National Pastoral Care Week, Oct. 19-25, sponsored by the College of Chaplains and the National Association of Catholic Chaplains.

ICS was founded in 1964 by Rev. Ralph Smith as a non-profit chaplaincy and social service agency. ICS has contributed in many areas of community services over the past 22 years. Its activities have included: --Meals-With-Wheels serving over 40,000 meals annually. (This activity was transferred to Catholic Charities in 1986); --Chain of Lakes Transportation/Friendly Visit program which has provided over 30,000 rides each year to senior citizens of western Lake County; --Chaplaincy support for the County Jail; --Chaplaincy support for the over 400 residents of the Waukegan Development Center; --Chaplaincy support for the over 350 residents of the Winchester House in Libertyville. ICS coordinates Sunday services through area churches and provides Bible studies and vesper services. It also serves as an accredited (ACPE) field training facility for chaplains.

Now ICS is concentrating its effort on advancing the original founder's mission by further developing chaplaincy services to the institutionalized.

Ministers interested in participating may contact ICS at (312) 336-2777 for registration information.

BUYING A HOME SATELLITE DISH IS COSTLIER THAN YOU THINK.

Before you spend your hard earned money on a satellite receive dish you should learn the facts.

This year popular premium services like HBO and Cinemax will begin scrambling their signals with highly sophisticated electronic encryption devices.

And this new technique won't be

limited to just premium services. Many basic cable channels like ESPN, MTV and CNN have announced their intentions to scramble signals.

What does this mean for satellite dish owners?

In addition to paying several thousand dollars for the purchase and installation of a receive dish, it will be necessary

to spend hundreds of dollars on descrambling equipment plus pay monthly service fees for each channel received.

Make your decision based on the facts.

The Last Chance IRA?

Take Advantage of '86 IRA Tax Deductions

This year could be your "last chance" to receive maximum tax benefits on IRA contributions. If you make over \$40,000 annually and are covered by a company retirement plan, there's a good possibility that you will lose part or all of the tax deductions on future contributions. The right time to open an IRA is "right now" before year end and the enactment of the new laws.

One of our IRA specialists can give you more details on the effect of the proposed tax laws on IRA contributions and can tell you about the many advantageous IRA plans available at Skokie Federal. Our high-earning 3, 5, and 7-year certificates

are ideal IRA investments. All our rates are very competitive and are compounded daily for even greater yields. Your IRA certificates are insured by the FSLIC and can be opened with as little as \$500. There are no front end fees or charges to pay.

Act now! For some tax-payers a full annual contribution of \$2,000 before year-end could save up to \$1,000 in current taxes (based on a 50% tax bracket.) Although the interest on your IRA will continue to be tax-deferred, 1986 could be your last chance to take advantage of the immediate tax cut of an IRA contribution.

NOTICE

The Lake County Housing Authority is interested in making two (2) applications for funding to the Lake County Community Development Commission as part of the County's 13th Year Community Development Block Grant Program. One application will be for \$120,000 in order to continue operating the Lake County Rehabilitation Assistance Program. Because of the severe budget cuts that this program has had to take, consideration will be given to eliminating some of the forms of assistance that are currently being given.

The second application will be for \$175,000 for the purpose of developing scattered site housing for low income families.

In order to obtain citizen input on these proposals, the Housing Authority is scheduling two public hearings. The first will be on Wednesday, October 8, 1986 at 7:30 P.M. It will be followed by another one at 2:30 P.M., on Thursday, October 16, 1986. Both meetings will be held at the Housing Authority Offices, 300 N. Seymour, Mundelein, Illinois 60060. Written comments are also encouraged and should be sent to Robert E. Peters at the above address. Questions may also be answered by calling Mr. Peters at (312) 949-2274.

Northwestern Village limits (along with North and Leslie Avenues), Shorewood and Williams and Route 83, and is traversed by the following rights-of-way, inclusive: the Northeast corner of the Northernmost Village boundary and Route 83 to Rollins Road, to Hainesville Road to Clarendon Road, then South along the Eastern property rear lot lines on Williams Avenue to Shorewood, then North along the Western property rear lot lines on Leslie, then West along Redwing, then North along the Western property rear lot lines on North Avenue to Rollins Road to the diagonal Western Village boundary line to the Northernmost Village boundary line and all property located within these boundaries.

The Village has prepared a Redevelopment Plan with respect to the Redevelopment Project Area which is on file and available for public inspection at the office of the Village Clerk of the Village of Round Lake Beach at 1212 North Cedar Lake Road. The Redevelopment Plan describes the Redevelopment Projects to be undertaken pursuant to the Redevelopment Plan and includes an estimated or redevelopment project costs and the sources of funds expected to be used to pay such costs. The following is a general description of the Redevelopment Plan and the Redevelopment Projects: The initial phase of the Tax Increment Financing Redevelopment Plan (the "Plan") will involve the redevelopment of several parcels of property constituting approximately 167.4 acres located generally North of Rollins Road and West of Illinois Highway 83 through the construction of a retail shopping center, which redevelopment will involve, among other activities, the construction and installation of certain "public improvements", e.g., subsurface site preparation, building demolition, on and off-site water, sanitary sewer and storm sewer utilities, detention work, new street construction (Old Rollins Road), improvements on current streets and general rights-of-way improvements. The second phase of the Plan will involve utility improvements, reconstruction of minor roads to the West of Hainesville Road and South of Rollins Road and construction of new minor streets. Such redevelopment may involve property acquisition and assembly, site clearance, and physical and public improvements. A copy of the Plan is available at the office of the Village Clerk of the Village of Round Lake Beach at 1212 North Cedar Lake Road for all interested persons.

The foregoing, and all other matters the municipality may deem appropriate, will be discussed at the October 14, 1986, public hearing.

All interested parties may file with the undersigned written objections with respect to any issues embodied in this notice and will be given an opportunity to be heard at the public hearing. The Illinois Department of Commerce and Community Affairs and each taxing district having taxable property within the proposed Redevelopment Area and other interested parties are invited to submit comments concerning the subject matter of the hearing on or prior to 12:00 A.M., October 14, 1986.

10 reasons why you should maintain and increase your newspaper advertising when business is slow.

1. Whether business is good or slow, you have to get your share of whatever business is around. Cutting back your advertising puts you at a disadvantage at the very moment when you need an edge. Increasing your advertising gives you the edge.

2. In times of uncertainty, consumers are careful and a little reluctant to spend. They want to be sure before they buy; they want information about products, services, prices and values. The best source is newspaper advertising. Yours—or somebody else's.

3. Maybe you figure other retailers in your line are going to cut back their advertising, so it's safe for you, too. Right? Wrong. You're in competition for the customer's dollar with very other retailer in town, no matter what he or she sells. People have only so many dollars to spend and if they don't spend them for what you sell they'll spend them for something else.

4. There are more people working now than ever before. More women working, too, adding to the family income. People still need and want goods and services and will spend for them. There is plenty of business out there. Your competitors will be bidding for their share—and yours.

5. You can't do much about most factors in the marketplace: rent, labor cost, price or merchandise, what the competition will do. But one thing you do control is your own promotion. Remember that newspaper advertising is not just a cost of doing business. It's a proven sales tool that returns many times your investment in store traffic and sales.

6. Remember how long it took you to get started? Once you build up a business, you can keep it going with a moderate, consistent advertising program. But if you cut your advertising and lose your hold on the public's awareness you'll find it's much harder to build it up again. It's sort of like starting all over.

7. Your advertising is part of your sales force. Newspaper ads help to pre-sell the customers and help you close the sale faster. What saves you time saves you money.

8. You say your customers know you and for a while at least they'll keep coming in even if you don't promote? That's partly true, but shortsighted. Remember, one out of five Americans moves every year. So there's a steady flow of your customers out of your market, and a corresponding influx of new folks who don't know you at all. Tell them about yourself.

9. Here's a hard fact to chew on. Over any given period, a business that advertises below the industry average has sales that are below the industry average.

10. Advertising is "news" — about products and services. Your customers look for this kind of news in the pages of Lakeland Newspapers. In plush times, retailers often experiment with other media. But when the going gets tough, they concentrate their efforts in the newspaper because it provides an immediate payoff at the cash register.

Local Couple Opens Another Ace Hardware

Rich and Joanne Laskowski, president and vice president, are buying the 33,000 square foot Gurnee True Value Hardware Store at the corner of Grand Ave. and Rte. 21.

The Laskowskis also own and operate Ace Hardware Home Center on Rte. 134 in Round Lake, Ace Hardware in the Convenience Center at Lakehurst in Waukegan and Ace Hardware in Round

Lake Beach.

"Upon taking over the store on Oct. 1, along with the stores present fine and knowledgeable staff, we will not only change the name to Ace Hardware, but all of us as 'The Ace Team' in the weeks to come will be out to make it into a well-stocked and merchandised with the necessary-needed and wanted items for any household, including items for in-

dustrial firms, factories and institutions with specialty merchandise of every nature. The product categories to mention a few that we want to be well stocked in are paints, cleaning supplies, hand tools, power tools, electrical, lumber, housewares, giftware, lawn and garden, home and office supplies, light fixtures, plumbing, heating supplies, building

hardware, nursery products, automotive, sporting goods, pet supplies, toys, and Christmas trim-a-tree products," Laskowski said.

Ace Hardware Corp., headquartered in Oak Brook, is a dealer owned organization and has been in existence for 62 years. There are Ace stores located across the country, including Alaska, Hawaii and Guam. Ace Hardware has 12

modern distribution warehouses across the country.

"Ace's tremendous buying power allows us to buy at low prices, thereby providing greater savings for you! With over 40,000 items in stock, the Ace organization is in a position to make available in a fast and efficient manner, the most basic, as well as the most complex merchandise on the

market today. Keeping our customers informed of all the newest products as they become available is one of our top priorities," he added.

"We are very excited about coming to Gurnee as Ace Hardware and together with our other three Ace Stores our goal is to serve the fine people in the Gurnee area the best we know how," Laskowski concluded.

Governor Signs 3 New Drinking Bills Into Law

LORIAN DAVIS
While still trying to deal with the new 21-year-old drinking age, Wisconsin's Tavern League now has a law just signed by Gov. James Thompson, that will allow litigation against Wisconsin's bars for accidents occurring in Illinois.

The first of three new Illinois anti-drinking-driving laws, allows Illinois residents to sue out of state bars that serve liquor to minors who are later involved in DUI accidents in Illinois.

This law also levels stiff penalties of a one-year

revocation of drivers licenses for minor drinking and driving.

Two convictions and no legal driving until the person convicted reaches 21.

Two other new Illinois

laws deal with providing motel accommodations for minors to hold drinking parties. Those who do this are not only finable but they are also liable for any property damage done by the minors following drinking in said motel.

The Wisconsin Tavern

League is also busy formulating plans to come up

with a way to reverse the new 21-year-old drinking law

to one of out-of-state reciprocity, originally called

for by Wisconsin's Gov. Anthony Earl.

Under this law, Wisconsin residents could continue to

drink legally at 19 and out of state residents would only be

served in Wisconsin bars according to the legal

drinking age of the state in which they reside.

Recognize Lakeland in Two Categories

Lakeland Newspapers was selected for publishing excellence in two categories in the 1986 Illinois Press Assn. Newspaper Contest in which winners were announced Friday, Sept. 12, at a luncheon in Springfield.

The Lakeland group was recognized for advertising

excellence and for outstanding family section news coverage.

Lakeland, publisher of 14 community newspapers in northern Illinois and southern Wisconsin, has been a consistent winner in state and national contests over the years.

A SHORT HISTORY OF WANT ADS

by Professor VonTad
Fifth In A Series

The first want ad to appear in America was printed by John Campbell in mid-April of 1704 in the first edition of his Boston Newsletter. It was what we call a "promotional" ad today, for it invited others to place small paid notices in his newsletter, which would be published weekly.

Lake County Health Dept. Works On Mental Health

The Lake County Advisory Board and Coordinating Council for Mental Health, Substance Abuse and Developmental Disabilities Services (AB/C Council) is

coordinating an awareness campaign for mental health services in Lake County.

Over 40 mental health, substance abuse and developmental disabilities

services agencies and Lake County residents with an interest in these services are expected to participate.

The campaign will include visits to the agencies by

Lake County and township officials and two public forums. At these visits, officials will have the opportunity to tour the facilities; programs and their relationship to other community services in the county, funding mechanisms, and the need for services.

Agency staff, board members, parents and other interested constituents will

participate. Arrangements for the visits are being made by the AB/C Council office.

The first public forum will take place on Wednesday, Oct. 1 at 7:30 p.m., at the Libertyville High School. Speakers representative of professionals, constituents and policy makers will be followed by responses from a panel consisting of one county board representative from each district: County Board Chairman Jim

LaBelle; and Andrea Moore, board of health and county board member; Stanley Pekol, Delores Axelrod, E. Bruce Hansen, and Jim Fields, county board members. A question and answer session and subsequent informal discussion will allow for audience participation.

For further information on the agency visitations or the public forum, call the AB/C Council office at (312) 360-6704.

Literacy Rate Will Aid Economy

"From a business person's perspective, I must applaud Project Literacy U.S. (the new national campaign to develop awareness of adult illiteracy). Industry will come into Lake County and Lake County will grow economically if it becomes known that we have a high rate of literacy here," said Rita Cooper, president of Cooper International of Prairie View. The remarks were made at the recent meeting of the Private Industry Council of Lake County, of which Ms. Cooper is a member.

Continuing, Cooper explained, "It is in the best interest of all of us to see that we are a well-educated county. At present there are many persons who need assistance because any job that can be done by an illiterate person is now being or soon will be done by a machine. Illiteracy leads to unemployment."

Cooper then commented, "I am proud of the work the Private Industry Council is doing in the field of remedial education—bringing up the math and reading scores for illiterate adults of all ages, enabling school drop-outs to obtain their GED (high school diploma) through intensive training."

The remedial work of the Private Industry Council has been under way since the

early days of this decade with thousands of adults obtaining jobs after basic educational improvement programs.

Christine Stevens, director of the PIC Council programs, reported that, under direction of the PIC, the Illinois Migrant Council, the Urban League and SER, Jobs for Progress, have conducted basic educational improvement programs and English language training for 475 persons this past fiscal year, which ended June 30. Stevens also reported that PIC's own clerical training program and PIC courses at the College of Lake County had upgraded the educational skills of 336 disadvantaged individuals.

In an interview after the meeting, Ann Fettinger of the PIC staff commented,

Official Newspaper

Your local Lakeland Newspaper is the official newspaper of this community, authorized by statute to publish legal notices required by law.

"As late as 1940, half of the American workers had no more than a ninth grade education and could hold down fairly good jobs. Since the advent of computerization, the work-place is demanding higher and higher 'basic' skills."

Fettinger is a member of the Lake County Literacy Advisory Committee which is striving to link current literacy programs so as to increase educational service to persons who do not have reading, writing and math skills.

Fettinger concluded with the remark, "The Private Industry Council, through its remedial programs is overcoming, for many Lake County citizens, the disadvantages of illiteracy and helping them establish employability in the new market place."

Illegal Harvest

Sheriff Robert H. 'Mickey' Babcox announced on Aug. 29 that a field of marijuana was confiscated from Winds Chant Boarding Kennel, Rte. 1, Box 213, Rte. 120, Grayslake, on property owned by James S. Hand, 39. Examining the huge pile of marijuana, with an estimated street value of \$100,000, were from left: Deputy Curt Corsi, Corporal Charles Fagan, Sheriff Babcox, and Dep. Chief Willie R. Smith. Acting on an informant's tip, sheriff's deputies confirmed the in-

formation through aerial surveillance. This is the first field this year found by sheriff's deputies through routine aerial surveillance, a program started by Sheriff Babcox in 1982. Aerial surveillance operations increase at this time of year as marijuana crops are ready to harvest. It is believed that the confiscated field has been used in the past for growing marijuana and has been a major supply source for Wildwood area juveniles.

Historical Society Vendors List Keeps on Expanding

Private vendors and local organizations reserving space to date for the Wauconda Twp. Historical Society's Flea Market and Card Sale number in excess of forty-five.

A wide variety of goods, in-

cluding garden produce, white elephants and collectibles, surplus merchandise, used books and furniture will be for sale. In addition, home baked goods, refreshments and prizes will be available. This second annual fund-

raiser for the historical society will be held on Sunday, Sept. 21, on the grounds of the Andrew Cook House, north Old Rand Rd., immediately north of the Wauconda High School. Am-

ple parking is available, as well as toilet facilities and plenty of "walkin' around and sitting room."

A limited number of spaces for rent are still available and can be reserved by calling Marguerite Boehmer at (312) 526-6591. The fee for rental is \$10 per space plus \$3 per table. There are no restrictions on the type of merchandise to be sold with the exception of

alcoholic beverages or illegal substances.

Set up time for vendors will be 7 a.m. and the sale will begin at 9 a.m. Ad-

mission is free and the museum building will be open to visitors. (Rain date will be Sunday September 28th)

Selects Hess

State Comptroller Roland Burris has selected Lake County Clerk Linda Hess to serve on the nine member Comptroller's County Audit Advisory Board. The Board,

which is established by state statute, is made up of three county officials, three accountants and three public members.

A Crafty Idea

Some fortunate shopper at the Wauconda Twp. Historical Society Flea Market will be the recipient of a prize handmade quilt designed by Wauconda resident Gert Blackburn (left). Joining Blackburn, Marguerite Boehmer, center, and Ellen Thomas display an assortment of other treasured finds bargain hunters will be eyeing at the sale which starts at 9 a.m. Sunday, Sept. 21 on the grounds of the Andrew Cook House, north Rand Rd., Wauconda. Proceeds from the sale will support the continuing restoration of the historical museum. — Photo by Sue Montgomery.

Carmel Students Start Street Scenes Ad Drive

Carmel High School will be sending a sales force of 1,460 young men and women for their annual Street Scenes ad drive. The ad drive began Sept. 12 and will end Friday, Oct. 3.

The Carmel students are aiming to increase the ads from last year's count of over 2,000 businesses. The ad book will be given to the more than 6,000 guests attending Street Scenes.

The Street Scenes Variations fundraiser will be held Feb. 13 and 14, 1987, at Carmel High School in Mundelein. All proceeds from the ad drive will benefit the school.

Persons interested in placing an ad who have not been contacted may call either Carmel High School for Girls, (312) 566-8440, or Carmel High School for Boys, (312) 566-4080.

Invite Former POWs to Reunion

Ira Weinstein remembers a lot of things about being a prisoner of the Nazis in Stalag Luft 1 in Barth, Germany, in 1943-45. He likes to recall the funny things, like being part of a "nuisance committee" which, among other things, made the Germans' Doberman guard dogs sick by feeding them small amounts of Spam laced with large amounts of pepper.

He also recalls the worry created by the sight of experimental jet planes—still unknown to the U.S. or Britain—taking off from nearby Peenamunda, a German air force base. And he remembers being detained at the camp several days after being liberated by the Russian army while U.S. and Russian forces debated which force would enter Berlin first.

Weinstein, who now lives in Glencoe, and other veterans—some 200 from the Chicago area—will share their own prisoner-of-war experiences Friday, Sept. 19. They will be among some 750 people expected to honor former American POWs and to show their support for demands that the Vietnam government give a full accounting of U.S. military personnel still missing in southeast Asia.

Featured speakers for the POW/MIA Recognition Day observance in Chicago—declared nationally by President Reagan—will be Administrator of Veterans Affairs Thomas K. Turnage and Col. Howard J. Hill, Principal Advisor to the Secretary of Defense on POW/MIA Affairs.

The program will be held at the Holiday Inn O'Hare Kennedy, 5440 N. River Rd., Rosemont, from 11 a.m. to 3 p.m.

The third annual POW/MIA Day event in Chicago is sponsored by four Chicago-area Veterans Administration medical centers, the Chicago VA Regional Office and five armed services installations. These include the Illinois National Guard, Great Lakes Naval Training Center, Fort Sheridan, a Marine Corps Air Control Group and the Coast Guard Marine Safety Office.

A cocktail reception will precede the program from 11 a.m. to 12:30, during which instant photos of veterans will be taken.

Alfred S. Pate, program chairman and associate director of Hines VA Medical Center, said signs around the ballroom will permit former POWs to meet others who were interned at the same prison camps. Mementos lent by former POWs will be displayed. Musical entertainment will be provided by the Second Marine Division Band, Camp LeJeune, N.C., and the Navy Service School Command Choir, Great Lakes.

VA counselors will be available to answer questions about veterans' benefits, including priority health care services for former POWs.

Solid Waste Group Needs Support:

by STEVE PETERSON

The Lake County Joint Solid Waste Planning Agency (LCJSWPA) must obtain support from the public if its programs for solving Lake County's solid waste problems will be successful.

That's the opinion of Jean Becker, a consultant to the Solid Waste Advisory Committee (SWAC), the forerunner of the joint planning agency.

"One of the most important things to a successful citing (of a solid waste facility) is to build up the public support of the necessity of finding a cite," Becker said.

Becker addressed the first meeting of LCJSWPA, held at the Lake County Building in Waukegan in September. The meeting was held to get the agency from the talking stage to governing stage. The agency is comprised of members elected by various village and city governments in Lake County.

The board set a second meeting for Oct. 9 at 7:30 p.m. At that meeting, board

members are expected to adopted by-laws and elect officers.

Becker said that 'political where-with-all' will be necessary from the board. People who oppose the citing in their neighborhood will present valid concerns at meetings. The people who may not be directly affected by the cite but realize the cite's benefits must come to the public hearings.

She said that element has always been lacking at the governmental meetings she has attended concerning waste sites.

Bill Barron, assistant county administrator, praised the group for its working together in solving the county's waste problem.

"What you're doing is very, very noteworthy. I'm looking forward to significant progress," Barron said.

The planning agency's members represent 86 percent of Lake County's population, Becker said. Each, regardless of size, will have one vote on issues. Twenty-two communities have nominated elected officials to serve on the agency. Among the Lakeland area towns not represented are: Lake Villa, Fox Lake, Hainesville, Old Mill Creek and Third Lake.

Becker outlined the work of SWAC and the subsequent passing of a state law which Lake County governments generally supported.

Among the early SWAC accomplishments included identifying central issues, building county consensus and an extensive public education campaign.

Over the next two years of planning, the agency's directives will include: foster consensus building;

encourage intergovernmental cooperation and continue public education.

Becker said the agency will have to select a preferred technology. The SWAC examined 21 ways to solve the solid waste problem.

SWAC, in its three years of operation, identified possible legal problems in finding a site. The agency must now develop siting criteria and identify possible site or sites for the facility or facilities.

Becker said the problem is not necessarily with the amount of solid waste generated, but in its disposal.

"It's not the absolute amount. The problem is it's a national problem. When you talk about sites, people perceive that they're the dumping ground," Becker said.

Classes Begin

The Waukegan YMCA's annual swim clinics will begin on Monday, September 22, at Waukegan High School pools.

The program is for youths between the ages of 6 and 18 who can swim one length of the pool (25 yards) and are interested in joining the YMCA's swim team.

The novice clinic will be held from 5:30-7 p.m. at Waukegan East High School. Boys and girls will learn the four basic strokes and will be taught starting and turning techniques.

The fee for each clinic is \$15. However, anyone interested in trying the clinics are invited to enjoy the first night free with no obligation. To register contact John Marker at 244-6284.

The Waukegan YMCA Swim Team, coached by Mike Hewitt, will begin practice for the winter season on October 6.

You Can Be a Loser and Love It.

Next week, the
ROTATION DIET
comes to Lake County

It's Famous

The Rotation Diet is a community weight loss program developed by Dr. Martin Katahn at Vanderbilt University's Weight Management Department.

In Tennessee, the diet helped a community lose 1 million pounds. That and other success stories have attracted the attention of national TV shows like Good Morning America and the

Today Show. The Rotation Diet has also been a feature story in publications such as "Time", "Reader's Digest", "New Woman", and "Woman's Day".

It's Free.

There is no charge for enrolling in the Rotation Diet. And no charge for the weigh-in, or for any of the printed material you receive every week.

It's only at Welton's County Market

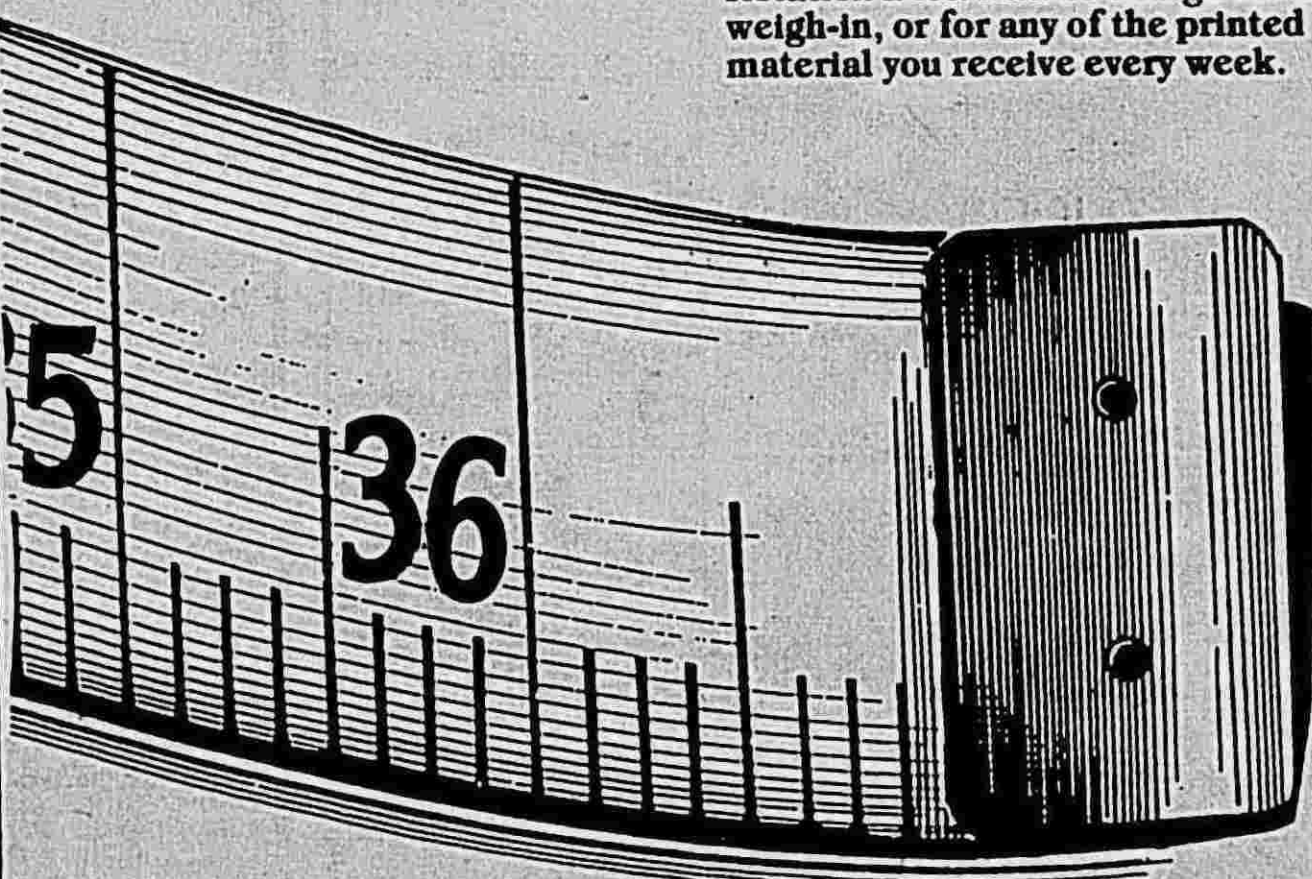

Welton's County Market is the exclusive sponsor of the Rotation Diet in Lake County. Enroll at Welton's County Market, 3555 Grand Avenue in Gurnee, and listen for weekly updates on WKRS (AM 1220) and WXLC (FM 102.3)

It's Easy.

The Rotation Diet is simply a nutritionally balanced quick weight-loss program. It works because it's a combination of reduced calorie intake, exercise and a generous dose of community support.

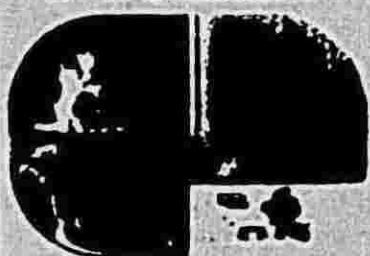

Sign Up This Week.

Remember, September 24, 25, 26 and 27th is when you sign up and weigh in. If you'd like to be a loser and love it, just come to Welton's County Market anyday between 10 a.m. and 9 p.m.

(Please consult your physician before undertaking this or any weight loss program. As a public service, Welton's will provide appropriate nutritional information for pregnant women, nursing mothers, children and adolescents. Welton's disclaims any liability for loss or injury arising from or in connection with advice, diet suggestions, menus or exercises contained in this program.)

THIS WEEK'S

HOROSCOPE

BY SALOME

Aries (Mar. 21-Apr. 19) It's decision time. Either jump in and be prepared to go all the way or risk getting stuck if you can't get beyond a half-hearted try.

Taurus (Apr. 20-May 20) A personal triumph results from your act of loyalty for a friend. Avoid irritants that can turn minor problems into major conditions.

Gemini (May 21-June 20) The name Thomas means twin, and this week you're a doubting Thomas or Thomaena Gemini Twin. Avoid skepticism; pay attention to hard facts.

Cancer (June 21-Jul. 20) Lunar aspects show a tendency to waver in commitment. Avoid making decisions that you'll feel compelled to unmake almost immediately.

Leo (Jul. 21-Aug. 22) Once more Leos and Leonas are beguiled by glittering promises. Scratch for facts beneath the surface. You may find brass instead of real gold.

Virgo (Aug. 23-Sept. 22) A promise should be kept. Anxiety about a looming deadline eases as you reschedule your work requirements.

Libra (Sept. 23-Oct. 22) A few sprinkles don't mean a storm is approaching. But a cloud may obscure an otherwise bright period. Negative comments are meant to be helpful.

Scorpio (Oct. 23-Nov. 21) It may not rain on your parade, but expect some attempts to dampen your enthusiasm. A few negative comments have constructive value.

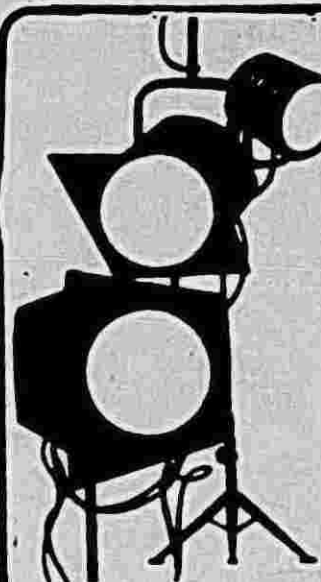

Sagittarius (Nov. 22-Dec. 21) A new wrinkle needs to be ironed out before you can press ahead with your plans. The smoother your presentation, the easier it is accepted.

Capricorn (Dec. 22-Jan. 19) Turn a waiting period into a learning period. New opportunities arrive in the weeks ahead. Be prepared for them.

Aquarius (Jan. 20-Feb. 18) Some insensitive remarks may make you feel like retreating. But stick with what you're doing. Your success will soon prove how right you were.

Pisces (Feb. 19-Mar. 20) An uncertain period makes you feel you're drowning in doubts. Instead of floundering, get on top of the crest and ride it straight to your goals.

Enrollment Up At CLC

The returns are in and enrollment is up at CLC! Total students number 12,056 for the 1986 fall semester, a five percent increase over last year's 11,444 students. Full Time Equivalent enrollment shows a seven percent increase to 4,684 students compared to 4,386 students last year.

These figures, considered the official enrollment statistics for the 1986 fall semester, are based on the number of students enrolled in CLC on the 10th day of classes.

Of the total student population, 6,802 or 56 percent of the students, are women, an increase of nine percent over last year. Part time students total 10,008 or 83 percent of the student population while full time students number 2,048, an increase of six percent over last year.

New student enrollment was down 36 percent. However, the number of students re-enrolling in CLC was up by 131 percent and the number of students transferring to CLC was up an impressive 561 percent.

Career programs at CLC appear to be the most popular this fall with 54 percent of the student body enrolled in them. College transfer programs attracted 30 percent of the student population with nine percent of CLC students enrolled in General Studies.

Sticker Deadline Nears

New, larger renewal stickers for 1987 must be displayed on passenger car license plates expiring in September by midnight Tuesday, Sept. 30, Secretary of State Jim Edgar announced today.

Edgar reminded motorists who are receiving newly designed plates this year that the sticker attached to the ID card must be placed at the bottom center of the new rear plate.

"The new, blue stickers are twice the size of the current stickers," Edgar said, "making them easier to read and more identifiable for police officers. In addition, owners of 1.7 million automobiles with plates beginning with the letters N through Z are receiving new plates this year, marking the end of the three-year replating program for all 5.6 million cars in Illinois."

Pre-printed renewal applications have been mailed to approximately 593,000 owners who renew their stickers in September, and 182,000 owners who will also receive the new passenger car license plates.

It is too late to send applications by mail. However, stickers and plates may be purchased at Secretary of State facilities in Chicago, and at financial institutions and Chicago-area currency exchanges.

NIPC Seeks To Find Old Dump Locations

The Northeastern Illinois Planning Commission (NIPC) has received a grant from the Joyce Foundation to work with local governments to identify and publicize abandoned solid

waste disposal sites in the six county northeastern Illinois area.

Work will focus on sites, such as former "town dumps," missing from current state and federal lists, which did not

begin until the early 1960's.

Information from sites identified by this project will be added to current state inventories. As many as 250 sites presently may be unidentified. The in-

formation which will be developed as part of the NIPC study has added significance since current Illinois law provides for free annual water quality testing for any well located within one-half mile of active or

inactive landfills.

The study is expected to take about one year. Anyone having information about landfills or dumps abandoned prior to 1960 should contact the Natural Resources Dept.
